

## **IEEE Region 8 Secretary Report March 2011**

### **96<sup>th</sup> IEEE Region 8 Committee Meeting, London**

---

The 95<sup>th</sup> IEEE Region 8 meeting in Prague was organized with the help of the Czechoslovakia Section and was successful in participation numbers. The actual meeting went excellent without any problems. The organization of the meeting and the workshop sessions were well prepared and got favourable comments by many participants. A questionnaire was sent to the participants of the meeting in order to get feedback and improve in the future. The social program was also very interesting, the tour around town was nice and the Gala dinner was perfect. Thank you Czechoslovakia Section!!

My first priority after the Prague meeting was to organize the OpCom meeting in Vienna, Austria. The OpCom meeting in Vienna was excellent and it was combined with a meeting with Austria Section members.

As you must have noticed this year we have used new registration software that is automated and can give results and reports at once. People can have access to their registration, view it and change it if needed.

**Our next meeting will be held in San Francisco, USA from August 18-19, 2011 right before the Sections Congress. You will hear from me soon on this subject.**

I would like to thank our Director, our Past Director all the OpCom members and all the Section Chairs and other Region 8 Committee members and last but not least our Electronics Coordinator for their cooperation and hard work in all the aspects of IEEE.

Costas Stasopoulos  
IEEE Region 8 Secretary
