Subject: IEEE GOLD Affinity Group Hall of Fame Award

Dear Finland IEEE GOLD Affinity Group and Chair Rafal Sliz,

It is with great pleasure that I inform you that Finland GOLD has won a 2011 IEEE GOLD Affinity Group Hall of Fame Award! Our judges were impressed by your record of activities and, despite fierce competition, you were selected as one of three recipients in the inaugural year of this award. We will be communicating with you shortly on how you will receive the \$500 prize money and we would like to ask you to choose a major IEEE event where a representative can receive your official plaque.

Congratulations on a job well done!

Sincerely,
