IEEE.tv launches mobile site

Winner in American Business Media’s Jesse H. Neal Awards:

- “Best Use of Mobile”

(over other finalists McGraw Hill and Penton Media)

- Site optimizes the IEEE.tv browsing and viewing experience for smart phones and tablet computers.

- Initially optimized for iPhone & iPad, roll out includes Android, Blackberry, additional operating systems.
Volunteer Desktop
- currently in “soft” Beta launch

Key Features:

- Creates a personalized navigation
  - “myVolunteer Networks”
- Dynamic sub pages for each “network”—i.e. pages for each volunteer area/OU
- Customizable for each network
- RSS feed capability: automates updates
- Allows for easy creation of new dynamic gadgets
Data must be reviewed by individual OUs – dependent on the data entered into BMS.

Will take a few more weeks for each OU to ensure the BMS fields are configured correctly.

Any questions or comments, see Mark David (in San Francisco this week), or m.david@ieee.org
memberNet & Global History Releases

- Integrated memberNet brings member directory into the Community Desktop

- Global History Network (GHN) pulls customized history center information

- Volunteer Desktop
  - non-volunteer view encourages volunteerism
Center for Leadership Excellence (CLE)

- Portal containing training modules on key IEEE Volunteer Positions and a Catalogue of additional training material.

- Volunteer Training consists of:
  - Quick Start – Necessary information to get started in the first 30 days.
  - Position Description – Introductory material, time line, job description and recommended additional training.
Center for Leadership Excellence (CLE)

- Catalogue:
  - Library of additional training material developed over the years.
  - Arranged by focus area: member development, vitality, communications, etc.

- Presentation portal is the same used to present the IEEE eLearning modules.
Welcome to the IEEE Center for Leadership Excellence!

The IEEE Center for Leadership Excellence (CLE) serves as the repository for all leadership training material within IEEE to ensure IEEE keeps pace with its evolving organization. Additionally, it will meet the needs of IEEE volunteer leadership by providing materials that will enable volunteers to accomplish their jobs efficiently and effectively; thus allowing them to spend more time ensuring that members are engaged in IEEE activities so that IEEE member satisfaction and relevance continue to grow.

The IEEE CLE makes information easily available with a Course Catalog in key areas of education and training. This Catalog will be updated regularly with new courses as they become available. Volunteers will now benefit from having access to full course material for their positions which will provide a one place to go for all their training needs. This includes a Quick Start module to help come up to speed during their first 30 days in their position, a job description for their role, time line of key dates and recommended training modules that support the particular aspect of their role.
