1. SUBCOMMITTEES FORMATION

Immediately after elections, the search for subcommittee coordinators started. Emphasis was put in trying to find people with proven experience and track record to fill the various roles which can be found in the R8 roster. Many of the coordinators were previous members of the same subcommittees they currently lead. This insure continuation of previous efforts and adds immediate experience.

A decision was made to move Life Member’s Activities during this term to MD subcommittee as it is felt this will be more productive and will provide better support. A decision was made not to start a WIE Subcommittee and remain with only a coordinator in this place.
