### Membership:

The Czechoslovakia Section IEEE has in total **701 active members**: 45 Affiliates, 22 Associate Members, 2 Fellows, 108 Graduate Student Members, 1 Life Fellow, 2 Life Members, 1 Life Senior, 449 Members, 38 Senior Members and 33 Student Members.

### Meetings:

Among others, the following events were organized since last R8 meeting in October in Prague:

- a) Administrative meetings:
  - General Assembly of the Czechoslovakia Section and its Chapters in Bratislava (Slovakia), December 10, 2010.
- b) Professional Activities
  - Newly established PE-S chapter gained solid reputation in 2010:
    - High Performance Chapter Award,
    - PES Chapters Website Contest (2<sup>nd</sup> place).
- c) Lectures and seminars, Contests
  - Award ceremony of „Student Diploma and Bachelor Contest“ donated by MTT/AP/ED/EMC joint chapter and its sponsors, took place in the frame of CS Section General Assembly.

### Most important activities in the near future:

- Radioelektronika 2011 international conference in Brno, Czech Republic, April 19-20, 2011,
- Measurement 2011 international conference in Smolenice, Slovakia, April 27-30, 2011,
- ISMOT 2011 (International Symposium on Microwave and Optical Technology), Prague, Czech Republic, June 20-23, 2011,
- Preparation of EuCAP 2012 (European Conf. on Antennas and Propagation), Prague, April 2012.

### Best practices:

Thanks to new volunteers who established new chapters the section and its chapters could considerably expand to universities other than traditional (in Praha, Brno and Bratislava) and also to industry. Now, you can find chapters also in Žilina and Košice (both Slovakia), in Ostrava and prospectively in Pilsen (both Czech Republic). This leads to increased interest in local activities.
