For the first time, IEEE Nigeria had an EXTRA-ORDINARY EXCO MEETING on 26th of February, 2011, where we designed a program for IEEE Nigeria for the next two years with the objective of making IEEE Nigeria more prominent and positively affect the lives of members and Nigerians.

**Activities in the near future:**

We are collaborating with IEEE Ghana and IEEE South Africa to host the ICAST conference slated for November, 2011

**Best practices:**

Assembling about 10 members of the EXCO (only 3 were absent) to organise a two day intensive meeting devoted to charting a new course for IEEE Nigeria

**Topics to be discussed in Venice:**

- Training for Volunteers in Nigeria
- How IEEE can support Educational institutions in Nigeria
Help with increased visibility of IEEE in Nigeria with relevant Multinationals and other cooperate organisations in Nigeria.
