Membership:

The IEEE Germany Section has 4.688 active members (thereof 78 Fellows, 345 Senior Members) and 1.228 Student Members → in total **5916**.

Meetings:

Apr. 50 - 80 technical Chapter meetings are held annually.

Collaboration with National Societies:

National Society Agreements have been signed. The section continues to collaborate pro-actively with VDE. Agreement includes mutual fee deduction. NSA with 'Gesellschaft fuer Informatik' in progress.

Bodies or agencies which are responsible for ensuring that engineering education meets acceptable standards are

- ASIIN (dominant player) (<http://www.asiin.de>)
- AQUAS (<http://www.aquas.de>)
- ZVEA (<http://www.zvea.de>)
- ACQUIN (<http://www.acquin.de>)
- ABET

Activities in the near future:

Increase financial support for membership, education, relationship activities. Campaigns for new members, Senior- and Fellow-Membership degrees. Pre-University Engineering Education Summit 2007, Munich, supported by active participation and industry sponsor integration.

Best practices:

Increasing number of EXCOM Members from industry. Section Homepage as central information and reporting platform with IT-account based access.

Topics to be discussed in Sofia:

- Standard IEEE MoU-template with Industry is matter of concern – acceptance level is low.
- Continued Discussion on Member Benefits in Regions outside the US.
- Increase number of industry members in EXCOM.
- Financial activity support acceptance procedure to be improved – compliance check recommended
