**IEEE Italy Section Section Report October 2012**

---

**1. Highlights from the past**

- BIOMS/EESMS 2011
- Biophotonics 2011
- ICUWB 2011
- ENERGYCON 2012
- HISTELCON 2012

**2. Future activities**

- Lessons learnt from the organized conferences in order to put in place a streamlined process
- Improvement of the communication (website and email news)
- Establish relationship with the major technical organization in the different sectors to better serve the stakeholders and improve the visibility IEEE at large

**3. Best practices**

- Very good support to conferences organizers in terms of bank accounts etc.
- Relationship with some key technical organizations already in place

**4. Points of concern / Topics for future discussion**

- Global financial control: compliance with national regulations and request from IEEE headquarters

**5. Miscellaneous**

- New SPS chapter (born from the split of joint SP01/AES10 joint chapter)
- Different Distinguished lectures given in Italy
- Marconi ceremonial plaque at Villa Grifone
