

R8 VC SAC Position Statement

Dr. Pablo Herrero

Short Bio

- Dr. Pablo Herrero, 31, Germany Section
- MSc. and PhD in RF/Antenna engineering
- Works at Intel Corporation in Munich as Antenna Systems Architect
 - Leads 7 people in antenna/RF design

IEEE Activities

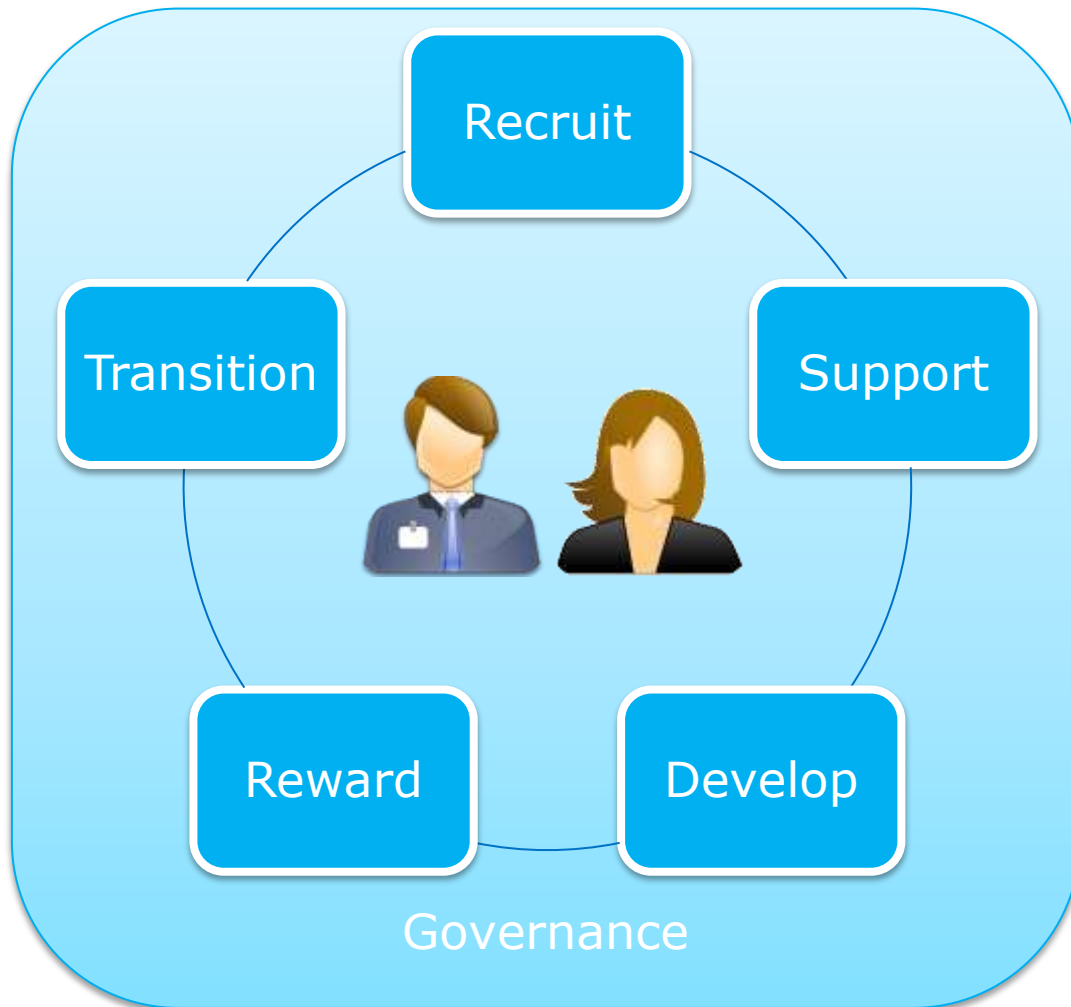

- IEEE Volunteer for 10 years, started as SB Chair
- Served in R8 Committee for 5 years, 2 of them as Student Representative
- Currently serves in IB&SC (Benefits and Services)

Achievements (related to Student Activities)

- Regenerated home Student Branch (from 4 up to 70 people)
- One of the first Student Section Representative in Region (experiment)
- Created the Motivational Tour: 5 new branches in one section in one year

Awards

- Larry K. Wilson RAB Award
- AP-S Research Award
- UZ Recognition for distinguished volunteering service

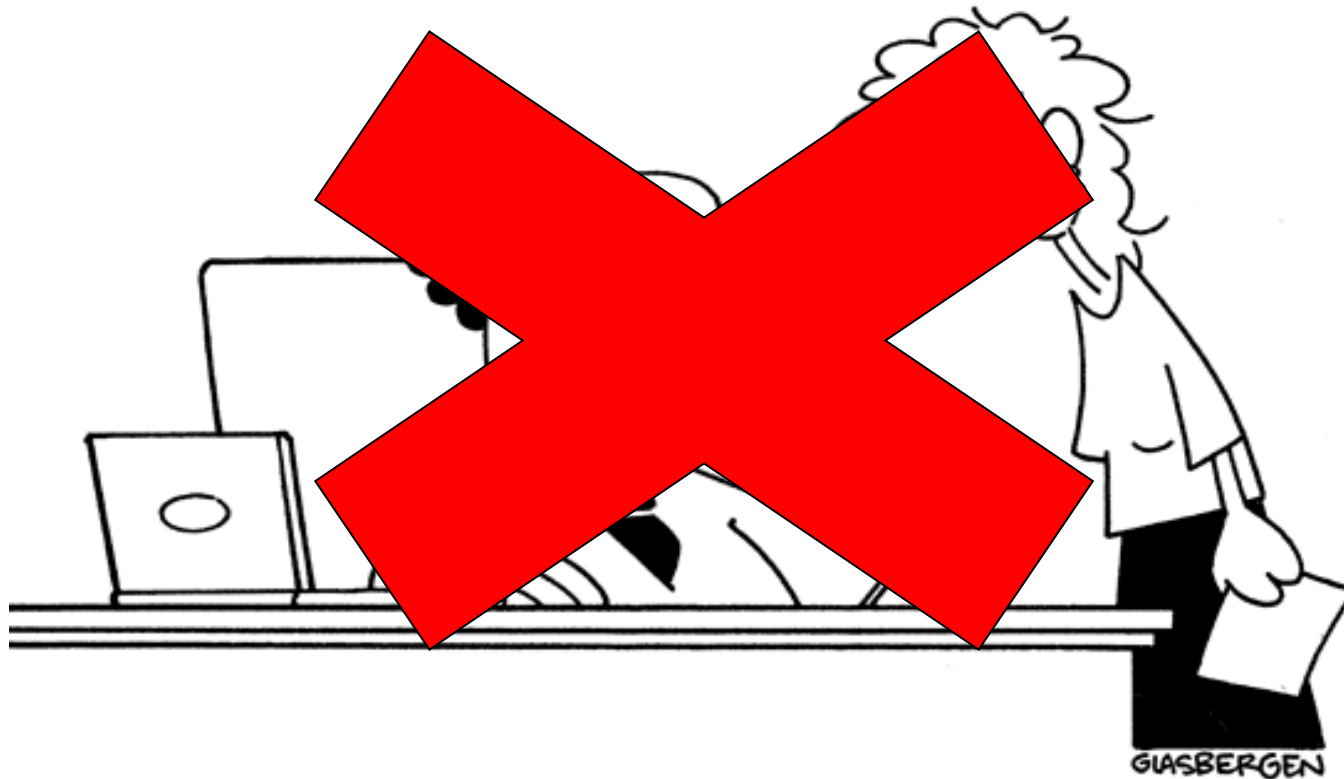

We need to define **SAC Services** that focus on each block of the Students Cycle.

These services need to:

- Be **Efficient** and metric feedback driven
- Aim to **deliver** and improve the student's experience/development
- Increase **engagement**
- Ensure (or ease) the access for a **job** or a **volunteering position**

**“I would like you to be more self-reliant, show more initiative,
and take greater personal responsibility — but check with me first!”**

- Motivate and develop the R8 leaders of the future
- Take pride in our work and have fun

Thank you for your attention!
