3. Best practices

- The section has established close relation with most of the national organizations (ETRAN, CIGRE and CIRED, YURIT), and student associations (EESTEC)
- Good connections to local industry

4. Points of concern / Topics for future discussion

- IEEE S&M Section is included in Legal Status Project.
- In next period IEEE S&M Executive Committee will try to form new chapters: Instrumentation and Measurement, Engineering in Medicine and Biology, Robotics and Automation, Control Systems, Vehicular Technology and Information Theory. The idea is to increase interest for the particular scientific areas and organize activities for members.

5. Miscellaneous

- Distinguished Lecturers program is part of the programs at our conferences as well as lecturers at Universities in presence of IEEE members, students and guests from industry in organisation of Chapters or Section.
