

IEEE Lithuania Section Report April 2013

1. Highlights from the past

- IEEE Lithuania Section as Technical Co-Sponsor of XXII International Conference on Electromagnetic Disturbances, held in Vilnius, Lithuania.
For details see <http://158.129.200.22/ocs/index.php/emd/2012>.
- IEEE Lithuania Section as Technical Co-Sponsor of the 13th Joint Lithuanian-Belarus Workshop "Modern Microwave Devices and Systems", held in Minsk, Belarus.
- IEEE Lithuania Section as Technical Co-Sponsor of the 16th Conference for Lithuania Junior Researchers "Science for Future. Electronics and Electrical Engineering", held in Vilnius, Lithuania.

2. Future activities

- IEEE Lithuania Section as Technical Co-Sponsor of Joint Lithuanian-Polish Workshop "Bio-Inspired Signal and Image Processing (BISIP)".
- IEEE Lithuania Section as Technical Co-Sponsor of the 14th Joint Lithuanian-Belarus workshop "Microwave and Antenna Measurement".
- Award the best thesis for Master of Science degree defended at Electronics Faculty of Vilnius Gediminas Technical University in 2013.
- Establishing and co-sponsoring of the 1st Joint Lithuanian-Latvian workshop.
- Formation of IEEE Lithuania Computer Society or/and IEEE Lithuania Power and Energy Society Chapters.

3. Best practices

- Joint international workshops with China, Taiwan, Morocco, Belarus, Russia and Poland.
- Co-sponsorship of annual Conference for Lithuania Junior Researchers.
- Co-sponsorship of annual International Conference "Electronics".
- Annual awards for the best MSc thesis and the winners of "Battle of Robots".
- Series of technical meetings presenting frontiers of research in recently defended Doctoral Dissertations.
- Organization of local and participation in IEEE Region 8 Student Paper Contest.

4. Points of concern / Topics for future discussion

- Elucidate IEEE membership benefits mostly prominent for Lithuanian scientists and practitioners.
- Motivate existing IEEE members in Lithuania to become IEEE senior members.

5. Miscellaneous

- IEEE Lithuania GOLD Affinity Group is formed.
- IEEE Lithuania Section web page migrated from Joomla to WordPress.
For details see <http://www.ieee.lt>.
