

# Membership Development Report – August 2013

Europe, Middle East, Africa (Region 8)

This membership development report is issued on behalf of your IEEE Region, and the IEEE Member & Geographic Activities Board.

Dear MD officers, August 15th marked the end of the membership year. Now we are in the beginning of the renewal process for 2014. At the end of 2013 membership year, R8 membership was quite in sync with the global IEEE trend, showing a small increase of 0.5% with respect to August 2012. It is significant that this increase is driven mainly by GSMs, as the number of higher-grade members is smaller than last year.

The retention rate, especially in first-year members is a place to improve. From now, we should focus on finding members who should renew, contact them, helping in the process, and explaining why they should stay with IEEE in 2014.

–Antonio Luque, Membership Development Chair, Region 8
