

Fundamental Issues

- ▶ The need for the IEEE Board to take *clear and unequivocal stances* on critical issues.
 - Ex: Value of Membership
- ▶ *Quality of financial information* in support of strategic/prioritization decisions.
- ▶ The need to maintain an *environment where volunteers motivated* and having fun in contributing their time and talent to IEEE. (as opposed to being inconvenienced and aggravated)

IEEE Priorities

IEEE Priorities

Expand nimble, flexible, disband-able IEEE communities allowing individuals from all around the world to share, collaborate, network, debate and engage with one another.

Provide an agile forum for discussion, development and implementation of emerging technologies.

Leverage IEEE's technology-related insight to provide governments, NGOs, and other organizations with innovative, practical recommendations to address public policy issues.

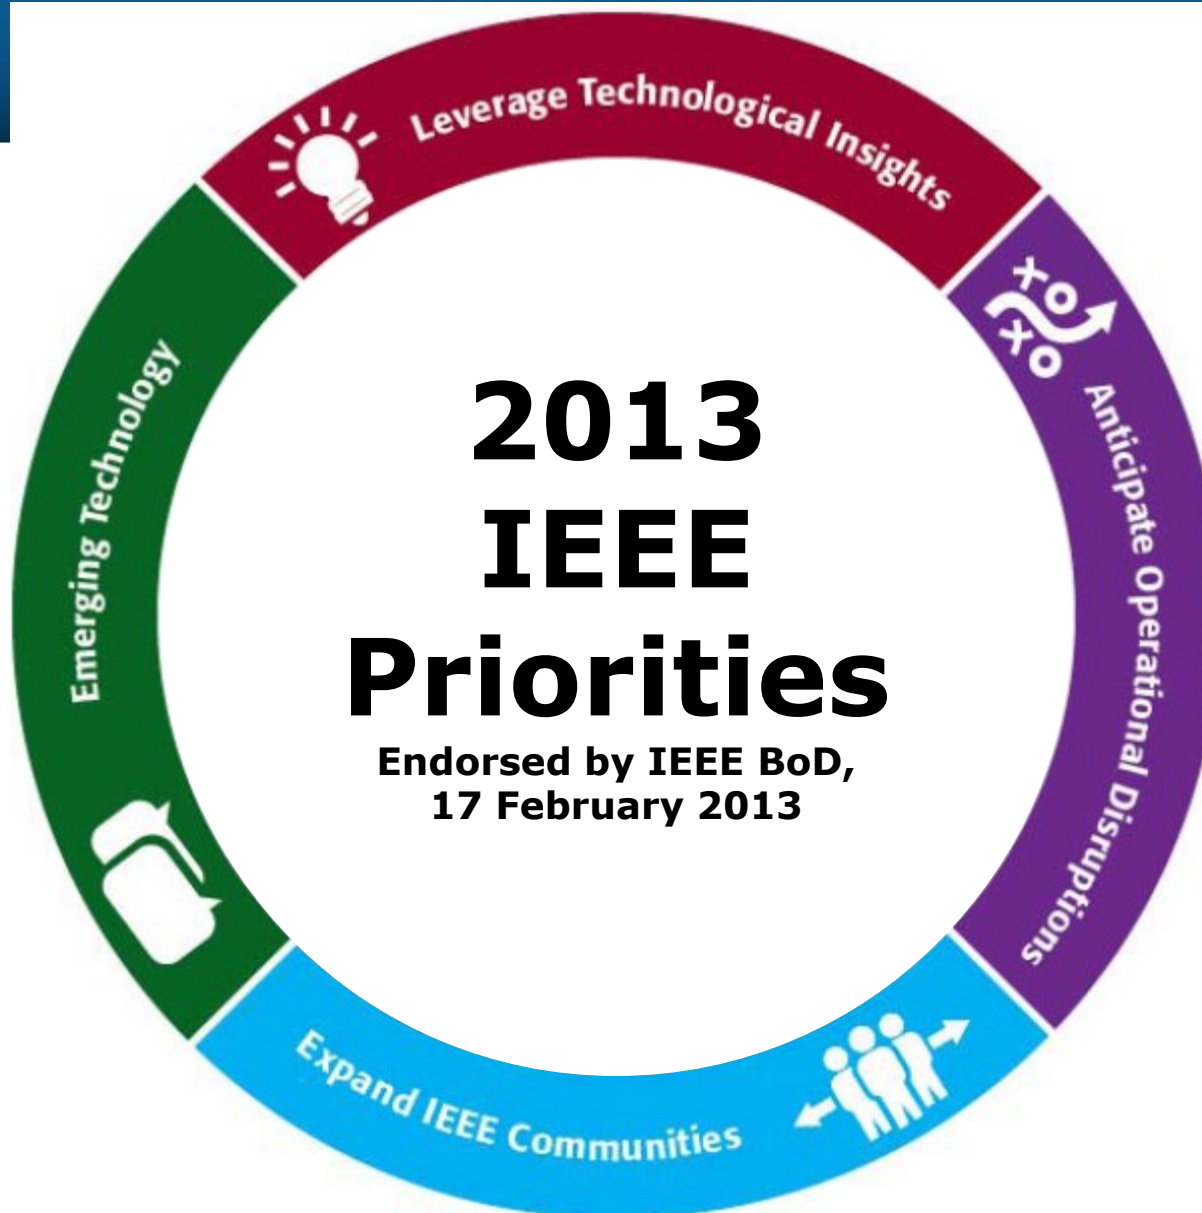

Ensure we are in front of disruptions (technology, social, etc.) affecting our operations.

Endorsed by IEEE Board of Directors 17 February 2013

My personal objectives for IEEE

- ▶ Continue to Lead on Emerging Technologies (2013 IEEE Priority)
- ▶ Strengthening partnership with industry in all its activities
- ▶ Do more on Career Development Services
- ▶ IEEE should be a leader on Continuing Education
- ▶ Pioneer the use of new technologies in offering its products and services
 - Take lead in experimenting and offering of online conferences

Visit to Finland (Sept. 29 – Oct. 1)

- ▶ Matti Alahuhta, CEO, **Kone** Corporation
- ▶ Pekka Ala-Pietilä, Chairman of The Board, **Solidium**
- ▶ Risto Vuohelainen, CEO, **CANATU**
- ▶ Antti Korhonen, CEO, **Leia MEDIA**
- ▶ **NOKIA:**
 - Kai Öistämö, Executive Vice President
 - Tamo Ali-Vehmas, Vice President, Standards
- ▶ Pasi Hurri, CEO, **Baseⁿ**

My personal objectivess for IEEE (Cont.)

- ▶ *Continue to Lead on Emerging Technologies (2013 IEEE Priority)*
- ▶ *Strengthening partnership with industry in all its activities*
 - Organize a meeting with 10 Industry leaders in Mid-March.
 - Appointment of an AdHoc Committee of IEEE Volunteers that have high level management positions in industry.
 - Need answers to questions:
 - How can IEEE bring value to Industry
 - Can industry leaders collaborate with IEEE in defining its vision for the future?
 - What actions should IEEE take to still be a relevant organization 10 years from now.

My personal objectives for IEEE (Cont.)

- ▶ **Entrepreneurship**: an adhoc Committee is being appointed to *identify the most pressing needs of this community and to develop recommendations as to how IEEE can best engage professionals in this sector with meaningful programs, products and services (also aligned with 2013 Goals)*
- ▶ Develop a consistent (across the organization) line of **Career Management/Planning Products and Services**.
 - This should add value to young professional membership in IEEE
 - An adhoc committee is also being appointed to study the issue and make recommendations to the Board.

My personal objectives for IEEE (Cont.)

- ▶ IEEE should pioneer the use of new technologies in offering its products and services. (consistent with 2013 Priority)
 - An adhoc committee is also being appointed to make recommendations to the IEEE Board in this area.
- ▶ Get an answer to the question: can IEEE be a leader on Continuing Education?
 - Success in this area may require partnering with other organizations/companies.
 - Might also require develop product adapted to regional needs.
