He then went on to show the details of each of the above recommendations.

502. VAT compliance in R8

Nihal Sinnadurai, UK&RI Section chair, presented the results of work done with the help of staff from IEEE HQ and R8 Director to clarify the status of VAT and its effects on volunteer work in R8. He reported the good news that "Neither of the VAT compliance processes have any impact on IEEE Section and Chapter activity in Europe. Sections and Chapters are NOT required to charge VAT on event fees and file quarterly VAT returns". He went on to explain the reasoning behind the conclusion. Then he gave a short tutorial on VAT and showed where work done under the IEEE umbrella would fit.

503. Activities in Europe Ad Hoc Committee

Marko Delimar, Chair of the committee, first presented a list of the composition of the committee. He went on to present the purpose behind the formation of the committee which is to "develop and sustain the capacity of IEEE's 60,000 members in Europe to shape public policy in technical areas of interest". He then discussed why this work is important and listed some points about that. He then talked about a members in Europe survey result which indicated that they are interested in shaping

the technical policy in Europe. He then listed the key activities being done lately and discussed each in turn. Then he listed the benefits of this work.

504. Activities in Africa Ad Hoc Committee

Tara Wisniewski, representative of the committee, started by emphasizing that the current work is mainly fact finding regarding the realities of the engineering environment in Africa. She then related a brief historical background about the IEEE focus on Africa. She went on to relate some Key Background issues about Africa. She then related general facts about the IEEE presence in Africa. The conclusion was that IEEE presence is modest. She then listed the current members of the committee and also defined its goals. She then explored the nature of the IEEE presidential visit to some African countries and recognized the overlap between its work and the committee's work. She identified the goals as to learn about context, opportunities and challenges. She then listed some key observations regarding the work in Africa. She then listed the major three IEEE immediate response activities to the work of the committee and the presidential visit. She then listed the current methodology and activities offered by the IEEE to improve access to technical information in Africa. She then listed the activities related to convening on education. She went on to list the partnerships that IEEE is engaged in for work in Africa. She ended by listing activities planned for the near future including a second presidential visit in November 2013.

505. Section development and vitality / Section reporting

Costas Stasopoulos, IEEE R8 Director-Elect and IEEE R8 Section Development and Vitality Coordinator, discussed in his presentation the vitality coordinator role and listed the duties assigned. He then listed the view that describes an IEEE member satisfaction. He then reviewed quickly some R8 membership statistics. He then listed the MGA rules for officer terms and the MGA rules for elections. He then reviewed the section rebate situation for 2013 and identified problems as 18 Sections out of 56 did not receive any rebate for 2012 (32%) and 12 Sections out of 38 that received rebate did not get the 10% bonus for 2012 (31%), and he then listed the problems that led to this. He then listed the actions taken on his part to try to remedy this situation. He then listed and explained the MGA rules for rebate and provided a section vitality checklist. **Aleksandar Szabo,** VC for Member Activities, then added some comments about how important it is for volunteers and officers in sections to do their jobs in a timely fashion and to appoint a vitality officer.

SUBJECT: Austerity steps - Staffing

EXECUTIVE SUMMARY

We have been informed that the IEEE is a 'Business'. We operate in a time of severe austerity which impacts on all businesses and on the employment of our engineering colleagues. Consequently it is appropriate that IEEE shoulders responsibility by demonstrating its intention also to operate with austerity. There are clear examples from UK and other governments that civil service numbers have been decreased by more than 30% and the departments are operating more efficiently.

PROPOSED ACTION (required for Action items only)

- Resolved that Region 8 committee urges IEEE operations to freeze staff recruitment and allow staff numbers to decrease by natural wastage or involuntary departure. Steady progress and effective management will enable the operations to be unaffected and to operate more efficiently.
- Further, significant numbers of staff from Piscataway must be redeployed geographically to support large groups of members outside the USA.

SUPPORTING INFORMATION

Financial Implications

• Decreased staff numbers will decrease the annual cost burden on IEEE operations.

Pros and/or Cons

- **Pro:** Action will show that IEEE is a partner with the rest of the world (not just the USA) in the austerity that we all practice.
 - Redeployment of staff geographically will establish the essential connection with members and cultures of the nationals around the world.
- Con: The proposition will be very unwelcome by IEEE HQ staff, with whom volunteers have to work. It will place an increased role on the staff leadership to take on work themselves and manage others effectively.

Implementation

• During 2013-2014, IEEE executive to scrutinise specific functions and personnel and places an obligation on each department head to commit to staff freezes in 2013 and reduction in 2014.
