R8 101st Meeting in Sarajevo

- Very well attended. (~94 people)
- General feedback was very positive from the numerous feedback messages received.
- Included lively discussions on IEEE and its transparency. Role of BoD. Approval of candidates slate for DE and reelection of VC
- Please have a look at the unapproved minutes of the meeting on the Budapest web site.

R8 OpCom Meeting In Malta

- Intensive face to face meeting during January 2014 with many discussions, reviews and planning sessions.
- 53 action items were formulated.
- Sections congress issues were dominant during the discussions.
- A decision was taken to include all the section reports in the printed version of the agenda book for the Budapest meeting. Please consult it.

Issues of Concern

- Section web page regular updates. Still an issue despite earlier mention during the last meeting.
- Timely reporting of new officers using Vtools. Also, still an issue.
- Timely submission of section reports for the meetings
- Delayed attention to the requirements of Visa by many attendees.
- Support for section officers and AGs

R8 Meeting in Budapest
