

Ljubljana, Slovenia

**105th IEEE R8
Committee meeting**

October 10-11th, 2015

Slovenia – facts & figures

- Area: 20,273 km² (154/249)
- Population: 2,062,455 (2014)
- Member of the EU (2004)
- Currency: Euro - € (2007)
- Climate: Alpine, Pannonian, Mediterranean
- Time: CET (UTC + 1), CEST (UTC + 2)
- Green, clean, and safe.

An aerial photograph of Ljubljana, Slovenia, showing the city's layout with red-tiled roofs, green spaces, and the Ljubljanica River. The city is built on a hillside, with a large green area in the center. The river flows through the city, and several bridges cross it. The text "Ljubljana, Slovenia" is overlaid in a large, yellow, sans-serif font.

Ljubljana, Slovenia

- City with a rich history
 - Jason & the Golden Fleece
 - Emona
 - Central European city: March of Carniola
