Femia, Inês, Mona, Paul, Sara, José Miguel, Yara, George

R8 SAC

The Student Activities Committee

Efthymia K. Arvaniti
SAC Chair

Mona Ghassemian
Past SAC Chair

Ana Inês Inácio
Student Representative

Paul Micallef
SPC Coordinator

Sara BEN RABII
SBs Coordinator

José Miguel A. Sepulcre
Comm. Coordinator.

Yara Melki
Awards Coordinator

George Papadimitriou
Projects Coordinator

R8 SAC

Agenda

- Goals
- Cross-Sectional Congresses & R8 SYP Congress
- Student Branches
- Student Paper Contest
- Electronic Communications
- Awards
- Projects & Initiatives

R8 SAC

Goals

- Increase the IEEE Footprint
- Work closely with the Section SACs of the Sections to increase member retention
- Staying up-to-date with our Students' Events and Activities and assist when needed
- Approach and collaborate with the Afl and Young Professionals Subcommittee to increase the industry involvement in the student level (e.g. establish student internships)
- Be the voice of the R8 Students

Student Congresses

R8 SAC

Cross-Sectional Congresses

+

**R8 Cross-Sectional Student and Young Professional
Congress Manual**

R8 SAC

Cross-Sectional Congresses

- **Gulf Cooperation Council SYP Congress – Bahrain, Manama, 7-8th May 2017**
- **Central European SYP Congress – Ukraine, Lviv, June 2017**
- **Middle Eastern SYP Congress – Tunisia, 1-4th of August 2017**
- **Hellenic SYP Congress – Greece, Athens, November 2017**
- **Western European SYP Congress – Spain, Valencia, TBA**
- **Nordic SYP Congress – Lithuania, TBA**

Student Branches

How did we do?

How did we do?

- **Target**
 - R8 SB Chairs
 - R8 Counselors
 - Registered at SAMIEEE (by 24th February)
- **First interation**
 - 24th February
 - Through survey + strong media advertisement
- **Reminder**
 - 3rd March
- **Closure**
 - 18th March

R8 SAC

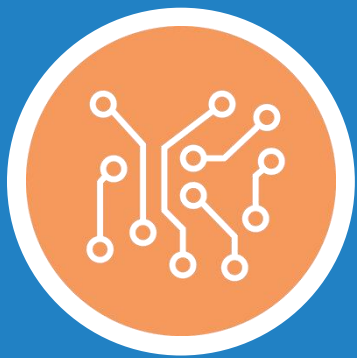

Student Branches

Milestones?

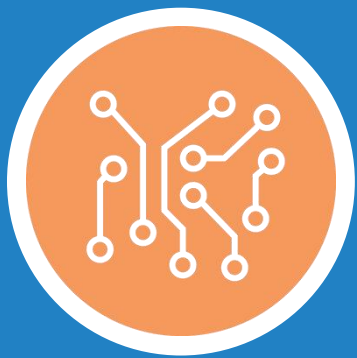

Milestones?

- **Goal**
 - SB Chair's name and email,
 - SB name and email,
 - How many SB Chairs are really active?
 - How did they perform last year?
 - How many of those were revitalized, in the last 2 years?
- **Update contacts**
- **Connect with students: evaluate what are their needs and opinions**
- **Global platform to be easily reach the contact the target audience**

How many SB Chairs are active?

- 991 People contacted
- 485 SBs Chairs were contacted
- **459 SBs** were approached (more than one representative per branch)

How many SB Chairs are active?

- 991 People contacted
- 485 SBs Chairs were contacted
- 459 SBs were approached (more than one representative per branch)
- **289 replies ~63%**

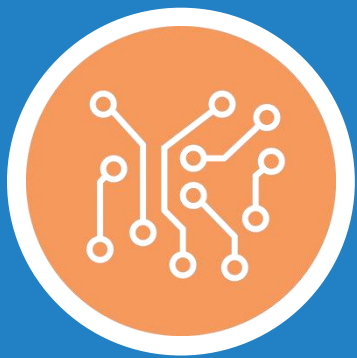

R8 SAC

Student Branches

How did SBs perform last year?

Q: Have you submitted the annual report last year?

How did SBs perform last year?

Q: Have you submitted the annual report last year?

- Yes - $204/289 = 70.59\%$
- No - $55/289 = 19.03\%$
- I dont know - $30/289 = 10.38\%$

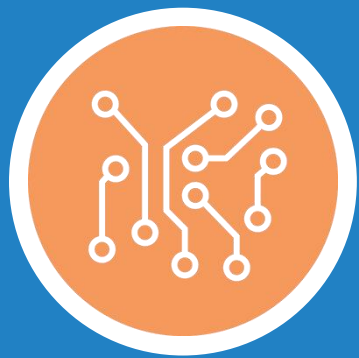

R8 SAC

Student Branches

**How many SBs were revitalized,
in the last 2 years?**

Q: Was your branch involved in a revitalization
process, within the last 2 years?

How many SBs were revitalized, in the last 2 years?

Q: Was your branch involved in a revitalization process, within the last 2 years?

- Yes - $104/289 = 35.99\%$
- No - $120/289 = 41.52\%$
- I dont know - $65/289 = 22.49\%$

R8 SAC

Student Branches

Revitalization Project

To be continued

Vision

- Facilitate the interaction & communication with the Student Branches all over Region 8
- Make the information as accessible as possible to everyone
- By growing a **FAMILY** we are increasing numbers

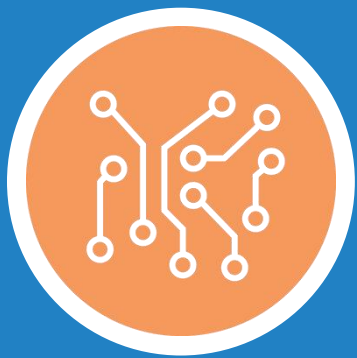

R8 SAC

Student Branches

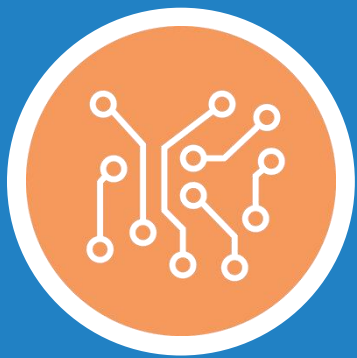

Family makes a house a home!

Mission

- Engage with the students by sending personalized emails (may take a lot of time but **totally worth it**)
- Creation of volunteer pool: Investing in people
- Collect **updated** emails into a database
 - Student Branches
 - Section Chairs, SSRs and SSACs

R8 SAC

Student Branches

Together, let's inspire
the students of Today,
the leaders of Tomorrow

Goal:

Encourage SSRs to update their vTools|info and the SBs info in their section.

Section Student Representative's name (SSR):

Section Student Representative's email (SSR):

On behalf of the SAC team:

Thank you very much for your contribution!

Network for IEEE student branch/student chapter counselors and advisors

- First phase (2016):
 - Collected ideas and shared them with MGA SAC.
- **Second Phase (2017):**
 - Communicate with the winners of last year's Outstanding Counselor Awards and ask them 2-3 key questions to be able to find a model and provide to other SB counselors.
 - Evaluate and select ideas will form a pilot system to run in our region (2018)
 - Announce the programme (eNotice/Collabratec) to all the Region 8 Counselors and ask for their participations.
 - Report the outcomes to MGA SAC to get feedback and transfer the experience to the other regions.

Student Paper Contest

R8 SAC

Student Paper Contest

What?

- IEEE R8 Student Paper Contest is an annual event divided into two parts:
 1. **Part I:** Papers are invited from IEEE students in Region 8. Papers without names or affiliations are marked by five jury members. Best five papers are chosen.
 2. **Part II:** Papers are presented at an IEEE R8 Conference (EUROCON or MELECON) and published in the conference proceedings.
- IEEE R8 pays for the five students to attend the conference and present the paper.
- IEEE R8 also gives money prizes to the best three out of the five and a small prize to the student branch of the winning paper.
- All valid participants will be given a certificate of participation for their effort preparing the paper.

R8 SAC

Student Paper Contest

Why?

- SPC is an excellent occasion for personal leadership and involvement of student members in a prospective IEEE scientific/technical activity;
- SPC is a very good reason and chance for activating and keeping active Student Branches
- It makes possible further promotion of IEEE among students;
- It is an attractive situation for IEEE members with non-student grades - the local and regional SPC Committee (Jury) members, Region 8 Technical Activities Committee associate reviewers, Student Branch Counselors, Professors (student mentors) and many others- to be involved and to participate in such an interesting IEEE student activity.

R8 SAC

Student Paper Contest

Who?

- IEEE student members presenting work at the level of graduate, masters
- Any subject matters within IEEE. The material does not have to be at the technical front edge of an IEEE magazine paper, but must include the usual:
 - Theory, importance of the work, results, comparisons, and conclusions normally expected in a good engineering paper.

R8 SAC

Student Paper Contest

Statistics

- Only **10** submissions:
 - 7 Europe
 - 2 Africa
 - 1 Middle East
- SPC 2017 Advertised on IEEE R8 SAC from October to December

R8 SAC

Student Paper Contest

Statistics

Short Listed Five Students for EUROCON 2017

- | | |
|--------------------|---|
| • Lucija Brezočnik | University of Maribor |
| • Elly De Pelecijn | KU LEUVEN |
| • Mathieu Jadin | Universite Catholique de Louvain |
| • IstvanTaczi | Budapest University of Technology and Economics |
| • Tim Thielemans | KU LEUVEN |
