To maintain section vitality, the following are considered:

- Arranging regular section meetings.
- Organizing the IEEE Student day and the annual meeting.
- Establish partnership with local and regional entities.

We recommend:

- Capitalizing on opportunities to promote the values and benefits of IEEE. One way of doing so is to request an IEEE booth in all conferences and exhibitions that the IEEE UAE sponsors.
- Conducting professional activities to attract more members from the industry.

What are your recommendations to IEEE Region 8 and the Africa Council Chair Gloria Chuckwudebe to foster IEEE in Africa? How does your Section support IEEE Activities in Africa?

To enhance the role of IEEE in Africa, we recommend:

- Sign MoUs with other sister sections in other IEEE regions.
- Provide online courses, webinars, and to live stream other events from all around the world.
- Publishing best practices for managing IEEE activities.

What services and which kind of support would you expect for Region 8 and/or your section out of the new IEEE office in Vienna, Austria? How has the existence of this office influenced your section since its inauguration last year?

Better financial and logistical support to organize events and conferences. Collection of payments for various activities and routing them to the local section. Access to support staff such as legal, branding, marketing, etc.

Outstanding new initiatives, Special Achievements, Anniversaries.

IEEE UAE Retail Discount Program: we, at the UAE Section, are establishing a retail discount program to attract more members. IEEE UAE Partnership Program: we are also maintaining a program to increase our partnership with the industrial and academic institutes.
