Student Paper Contest

R8 SAC

Student Paper Contest

What?

- IEEE R8 Student Paper Contest is an annual event divided into two parts:
 1. **Part I:** Papers are invited from IEEE students in Region 8. Papers without names or affiliations are marked by five jury members. Best five papers are chosen.
 2. **Part II:** Papers are presented at an IEEE R8 Conference (EUROCON) and published in the conference proceedings.
- IEEE R8 pays for the five students to attend the conference and present the paper.
- IEEE R8 also gives money prizes to the best three out of the five and a small prize to the student branch of the winning paper.
- All valid participants will be given a certificate of participation for their effort preparing the paper.
