Progress against goals since the last report

- All programs are redesigned to include Professional Activities flavor
 - ◦ Created adhoc Marketing team.
 - ◦ New logo for committee and all it's programs
 - ◦ A marketing plan is resided and is deployed and running
 - ◦ Promotional Material is designed and printed and used in Congresses
- Acceleration contest call is open. Call for judges is to be released in the beginning of October.
- ◦ Participated in GCC SYP, EUROCON, CESYP, IEEE PES-IAS PowerAfrica Conference
- ◦ Participation is agreed for WESYP, HSYP
- ◦ Negotiations for participating in JSYP and TSYP
- Conducted on 15th of July by EAB officers
- ◦ Speakers Program is reformed, Collaboration with YPs and AFI to reform Entrepreneurship Initiative.
- ◦ Ambassadors are selected and Entrepreneurship Week events are to be planned
- ◦ Added Continuing Education category in Acceleration Contest
- ◦ Peer study groups success stories book is on development.
- ◦ University Activity programs are promoted to all talks
- ◦ Acceleration Contest has University Activities category
- Created Alpha Engineers to gamify the planning of pre-university events. Submission is open (closes 2019/09/16)

Proposals for improvements

- To ensure continuity especially in Speaker Program, we propose the past chair to be member of next committee
- Since Speakers program will be in full extend, request for speakers will open early in order to have a better budget management

Points of Concern

- Inactivity of some members
- Last minute requests for speakers increases budget
- Very limited interest by Western European Sections - More promotional efforts are needed there.

Other Issues to report
