List the activities carried out to retain and recruit members and the results obtained. List the initiatives planned during the next 6 months and their expected outcomes. How can the Region help in your membership-related activities?

The Section always tried to invite the members within the activities (of the students / young professional) and discussed with them the importance of serving the academic and industrial areas within IRAQ, and also invite the surrounding friends to become a members in IEEE.

The section planning to do the same activities (related to retain and recruit members) through the holding of the (students / young Professional) in the next six months.

The Region can help us by giving us any recommendations. And send to us any examples for the activities hold in some Sections in R8.... This will help us to see the status of such activities in comparison with other R8- sections.

List the activities intended to support chapters, affinity groups, and student branches and the results obtained. List the related initiatives planned during the next 6 months and their expected outcomes. How can the Region help in your support to chapters, affinity groups, and student branches?

The section (through its very unusual environments existing in IRAQ) tried to support the two chapters (CIS & ComSec) through enhancing the participation of their members within the different activities hold inside IRAQ. And the section chair, vice chair, secretary, and Treasure tried to explain to the chapters members and affinity group, the importance of participating and enhancing such activities within Iraq.

In the next 6 months, the section put into consideration at least 3 activities within this vitality .
