

Sections Congress Coordinator

Costas Stasopoulos

Goals

Prepare the IEEE Region 8 for the Sections Congress.

Progress against goals since the last report

Gathered all the past information on Sections Congress Recommendations and started the process of gathering recommendations from the Region 8 Committee. General information will be gathered and distributed.

Sections Congress preparation report

Gathered information on accommodation, meeting facilities, technical program, social program, speakers and the recommendation process. All this information will be distributed to all Section Congress participants.

Proposals for improvements

Points of Concern

Find the right accommodation for the Region 8 Committee.

Other Issues to report
