Adel M. Alimi

List the activities carried out to foster relations with Industry and the results obtained. List the initiatives planned during the next 6 months and their expected outcomes. How can the Region help your Section in your industry-related activities?

Based on this previous strategic action plan was planned during the past ExCom of Tunisia section, we have realized the following activities that are closed to the industry section:

- Signature of MOU with socio-economic partners, professional and employer organization and industrial clusters in Tunisia;
- Promote IEEE to industry by informing them about IEEE benefits and its available products and services;
- Create & maintain a database on companies and contacts.

List the activities addressed to Students and/or Young Professionals and the results obtained. List the initiatives planned during the next 6 months and their expected outcomes. How can the Region help in your students and YP-related activities?

In order to attract more and more students and young professionals, IEEE Tunisian is preparing the Tunisia Student & YP congress which will be held during December 2020.

In addition, we encourage counselor and students in universities to register for the IEEE Competitions (IEEE Day, MTG, MadC and IEEEExtreme Programming, etc.); On the side of the Humanitarian Projects and events, Tunisia section has obtained three funds from IEEE-HAC to financially support these accepted projects to achieve their goals to fight against COVID-19.

List the activities carried out to retain and recruit members and the results obtained. List the initiatives planned during the next 6 months and their expected outcomes. How can the Region help in your membership-related activities?

The section will continue to retain and recruit Students and Young Professionals activities by supporting:

- Humanitarian and SIGHT projects;
- Entrepreneurship and Professional activities;
- Educational and Technical activities;
- 9th TSYP congress on 15-17 December 2020.

The Tunisia section has received the outstanding achievement for the 2020 membership year.

List the activities intended to support chapters, affinity groups, and student branches and the results obtained. List the related initiatives planned during the next 6 months and their expected outcomes. How can the Region help in your support to chapters, affinity groups, and student branches?

The Tunisia Section intends to support the section vitality through a Strategic Action Plan (SAP):

- Monitoring of the Key Performance Indicators for the Tunisia Section
- Execution of evaluation activities of the IEEE Tunisia Section
- Internal Communication Activities Committee (CAC) member; Nomination of the External Communication Activities Committee (CAC) member.
- Creation of LinkedIn, YouTube and IEEE TV of Tunisia Section
- Preparing a Tunisian Membership development kit

Challenges (with a focus on what support is required from Region 8)

Transforming the up-coming event to support the remotely access. We are looking forward to getting support from Region in terms of online platform (A access for the platform used during to the vSYP)
