Conference Coordination Subcommittee (CoCSC)  
Habib M. Kammoun

Committee updates:

- The following team members were appointed on 1st January 2021:

**2021 Team:**

- Habib M. Kammoun (Tunisia) - Chair
- Ljupco Karadzinov (North Macedonia) - Past Chair
- Nadezda Kunicina (Latvia) - Member
- Robert Bierwolf (Benelux) - Member
- Ridha Hamila (Qatar) - Corresponding member
- Tiziana Tambosso (Italy) - Corresponding member
- Eric Kuada (Ghana) - Corresponding member
- Albert Lysko (South Africa) - Corresponding member
- Nihal Sinnadurai (UK & Ireland) - Industry Initiative AdHoc subcommittee Liaison
- Margaretha Eriksson (Sweden) - Finance AdHoc subcommittee Liaison

- **2021 Corresponding members – ex officio are:**
  - Cecilia Metra, IEEE Conferences Committee
  - Dominique Schreurs, IEEE Conferences Committee
  - Isabel M Trancoso, IEEE Conferences Committee

- **Website:** The committee website was updated: [http://conferences.ieeer8.org/](http://conferences.ieeer8.org/)

**Goals**

1. Timely review of the financial and technical co-sponsorship (TCS/FCS) requests
2. Ensure success of the R8 flagship conferences: call for bids, support, oversight
3. Ensure success ofIEEE conferences TCS/FCS by the R8
4. Increase the R8 visibility through conferences
5. Support the sections' conference coordinators

**TCS conferences (R8 0%) approved in the last 6 months**

- May 19-20, 2021: [2021 7th International Conference on Optimization and Applications (ICOA)](https://ieeecommons.org/), Germany
- July 26-28, 2021: [2021 44th International Conference on Telecommunications and Signal Processing (TSP)](https://ieeecommons.org/), Czech Republic
- September 13-15, 2021: [2021 International Symposium ELMAR](https://ieeecommons.org/), Croatia

**FCS conferences approved in the last 6 months**

- July 6-8, 2021: [IEEE EUROCON 2021 - 19th International Conference on Smart Technologies](https://ieeecommons.org/), Ukraine (30% Region 8, 70% Ukraine section)
- August 18-20, 2021: [2021 7th IEEE History of Electrotechnology Conference (HISTELCON)](https://ieeecommons.org/), Russia (30% Region 8, 30% Russia Computer Chapter, 40% National Research University Higher School of Economics)
- September 13-15, 2021: [2021 IEEE AFRICON](https://ieeecommons.org/), Tanzania (15% Region 8, 45% Tanzania Subsection, Nelson Mandela African Institute of Science and Technology 40%)
- December 2-4, 2021: 2021 IEEE International Humanitarian Technology Conference (IHTC), Virtual (40% Region 8, 20% UK&IR Section, 20% Region 7, 20% Region 9)
- March 28-31, 2022: 2022 IEEE Global Engineering Education Conference (EDUCON), Tunisia (10% Region 8, 10% Tunisia section, 70% Education society, 10% Tunisia Education chapter)

Reports about the previous FCS conferences

- June 16-18, 2020: 2020 IEEE 20th Mediterranean Electrotechnical Conference (MELECON)
  - The conference (https://melecon2020.org) initially planned to be held in Palermo was moved to virtual platforms. The technical program was organized into 4 main tracks: Smart Mobility, Industry 4.0, Smart Healthcare and Smart Grids, with 128 contributed papers (from 18 different countries), 19 technical sessions, 5 keynote speakers, 6 invited speakers and 5 tutorials. The program was enriched by a number of special events with competitions (R8 Student Paper Contest, Best Research Activity Pitch Presentation of PhD Students and Young Professionals, Best Entrepreneurship Activity Pitch Presentation) and panels (WIE special event and Special Meeting on Innovative startups and entrepreneurs).
  - In order to enlarge the audience from Jun 16th to July 31st all the program of MELECON 2020 was available “on demand” on an ad hoc platform for registered people (without any fee).
  - The conference had the Technical sponsorship of Industry Application Society and IEEE Entrepreneurship and the financial sponsorship of ABB. An Award Ceremony was organized during the closing session with the announcement of the winners of the various competitions and of the best paper award.
  - Region 8 received 15% of the surplus: $1,582.92

  - The conference (http://ieee-energycon2020.org) initially planned to be held from 13 to 16 April 2020 in Gammarth, Tunisia was postponed to 28 Sep to 1 Oct 2020, and held virtually. The program included 9 plenary keynotes and distinguished speakers, Smart Grid Workshop, and Women in Power Workshop.
  - 354 were submitted and 190 papers (53%) were accepted for oral presentations. Each paper was reviewed by at least two members of the program committee, which consisted of about 450 scientists from 50 countries. Contributions were from 62 different countries.
  - Number of registrations: 160 authors who presented their papers and 446 free registrations were offered for co-authors, reviewers, researchers, and students, especially from Region 8.
  - Best Student Paper Awards (in Memory of Dr. Elias Kyriakides to honor his work throughout the years, especially as chair of the last IEEE ENERGYCON 2018) was introduced at the ENERGYCON 2020. A certificate plus $300 travel grant was awarded for the Winner: Grace Sadhana Samuel from the National Institute of Technology Calicut, India. In addition, the 1st and 2nd Runner up and the Best paper award certificates were presented.
  - Financial report under review. It is expected that Region 8 will receive 15% of the surplus, approx. $3,911.74

Conferences under review process

- TCS request: October 5-8, 2021, 2021 3rd Global Power, Energy and Communication Conference (GPECOM), Turkey

Progress in the R8 flagship conferences

- April 20-23, 2021: 12th EDUCON, Vienna, Austria <website> <registration is open> (CoCSC Liaison: Magdalena Salazar Palma)
- July 6-8, 2021, 19th EUROCON, Lviv, Ukraine <website> <revised submission deadline expected: May 24, 2021> (CoCSC Liaison: Robert Bierwolf)
- August 18-20, 2021, 7th HISTELCON, Moscow, Russia <website> <submission deadline: May 1st, 2021> (CoCSC Liaison: Albert Lysko)
- September 6-9, 2021, IEEE 6th International Forum on Research and Technology for Society and Industry, Naples, Italy <website> (CoCSC Liaison: Nihal Sinnadurai)
  - Application form submitted and signed. Publication form in progress. Preliminary budget ready. Call for abstract and Call for paper ready. Important dates on the web. Due to the peculiarity of this event and in order to facilitate participation and sharing of experiences by key stakeholder groups from low and lower middle-income countries as well as low resource communities, submissions are invited for Oral Presentation Only, Short Paper Presentation (early stage) or Full Paper Presentation (mature results).
Bids for 2023 R8 flagship conferences

The committee received bids from the following R8 sections / subsections for the 2023 R8 flagship conferences:

- **2023 EUROCON**
  - Cyprus
  - Torino, Italy
  - Gdynia, Poland
- **2023 AFRICON**
  - Nairobi, Kenya
  - Abuja, Nigeria
  - Monrovia, Liberia

The bids are under review. The selected bids will be presented to the R8 committee meeting for approval (motion).

Progress against goals since the last report

- The 2021 subcommittee members were appointed (done)
- Message to section chairs asking to appoint section conference coordinators (done)
- Appointment of CoCSC Liaisons to the TCS/FCS conferences (done)
- Review the 2023 flagship conferences bids and selection of hosts (in progress)
- Website updates (done)
- Organize online and F2F training workshops for section conference coordinators and conference organizers (in progress)
- Develop an R8 iCon annual award for best organized conference TCS/FCS by Region 8 (in progress)
- Closing 2020 flagship conferences financial reports (in progress)
- Development of the R8 conference newsletter / website (in progress)

Points of Concern

- The technical co-sponsorship fees was increased to US$1,450 per event and US$22 per paper. The MGA is currently absorbing (for 2021) the difference with the previous fees ($1,000 plus $15 per paper)
- Weak involvement of the sections in the society conferences
- Weak involvement of the sections as financial co-sponsors (although the TCS fees are waived in the case of financial co-sponsoring)
- Only 16 sections/subsections (23%) appointed conference coordinators
- Increase the visibility of R8 conferences
- Add new flagship conferences:
  - IEEE Global Engineering Education Conference (EDUCON)
  - IEEE International Forum on Research and Technology for Society and Industry (RTSI)
  - IEEE International Mediterranean Conference on Communications and Networking (MeditCom)

Proposals for improvements/Other Issues to report

- Encourage sections to appoint section conference coordinators
- Encourage sections to be involved as financial co-sponsor, that will help in most of cases to receive a percentage of the surplus
- Encourage sections to get involved in the society conferences when it will be hosted in their countries
- Help section conference coordinators and conference organizers to be aware about the online courses and materials to help them in organizing well the online and hybrid events: [https://ieeemce.org/](https://ieeemce.org/)

20–21 March 2021

IEEE EDUCON 2021 - Austria

Call for Papers
IEEE Global Engineering Education Conference (EDUCON2021)
Vienna, Austria (virtual or hybrid)
April 21st - 23rd 2021, Radisson Blu Park Royal Palace Hotel, Vienna (in case of a hybrid conference format)
http://www.educon-conference.org/

Focus
IEEE EDUCON 2021 will be organized by the Carinthia University of Applied Sciences and the University of Applied Sciences Technikum Vienna, Austria. In case of a hybrid conference format, the on-site event will be held at the Radisson Blu Park Royal Palace Hotel, Vienna, April 21st-23rd, 2021. Several pre-conference workshops will be held on April 20th. EDUCON 2021 will be focused on “Women in Engineering”.

Topics of Interest
Papers in all areas of engineering education are invited with particular emphasis on the main focus of the conference and on current issues in engineering education such as:

- K-12 STEM Education Initiatives
- Student-Centered Learning Environments
- Engaging Undergraduate Students in Research
- Climate Change and Engineering Education
- Mastering Digitalization and Artificial Intelligence
- The Ethical Challenge and Engineering Education
- Woman for Leadership in Engineering
- Diversity and Inclusion in Engineering Education
- Future-oriented and Personalized Educational Concepts in Engineering
- Game-Based Learning and Gamification for Engineering Education
- Non-traditional Lab Concepts in Engineering Education
- Data-driven Engineering Education

On-site Venue
Radisson Blu Style Hotel is located in the city of Vienna, near the Schönbrunn palace, around 36 km from the Vienna Airport.
(https://www.radissonhotels.com)
Located along the Danube River, Vienna is one of the oldest European centers of culture and registered as a World Heritage Site by UNESCO.

Presentation Formats
Proposals for participation in the EDUCON 2022 conference can be submitted in the following formats:

- Papers: Full papers (6-10 pages)
- Papers: Short papers (4-5 pages)
- Papers: Work-in-Progress Papers (4-5 pages)
- Student Poster Papers (up to 2 pages)
- Special Sessions
- Panels and Workshops

All paper and short paper submissions are subject to a double-blind reviewing process.

Submission
All submission-related information can be found here: http://www.educon-conference.org/current/paper_preparation.php.

Important Dates
05 Oct 2020: Abstract submission, Proposals for Special Sessions, Panels and Workshops
26 Oct 2020: Invitation to submit complete paper
07 Dec 2020: Complete paper upload for accepted abstracts (main conference), Submission of complete papers for Special Sessions, Work in Progress and Student Poster (no abstracts)
13 Jan 2021: Notification of Acceptance, Author Registration opens
17 Feb 2021: Author/Early Bird registration, Camera-ready submission for all submission types
20 Apr 2021: Pre-conference Workshops
21 Apr 2021: Conference Opening

Proceedings
The conference proceedings will be submitted to IEEE Xplore. If accepted and published (which is usually true for this conference), other indexing services evaluate conferences and independently determine what they will index.

IEEE EDUCON Steering Committee
Manuel Castro, Chair, IEEE Fellow, Past President IEEE Education Society, UNED, Madrid, Spain
Michael E. Auver, Senior Member IEEE, President and CEO IADE, CET Vitae, Austria

In-person for limited number:
☑ included Welcome Party, City Tour, Participants Bag,
Conference Program & Proceedings, Farewell Dinner and Coffe-breaks
Virtual:
☑ included Conference Program & Proceedings, online participation

Travel Grants
IEEE Region 8 provides VCF grants for IEEE R8 Members. This fund is fed by voluntary contributions donated by Region 8 members. The money is then used to support members and especially students and graduate student members with low income in their professional and technical activities:
https://ieeer8.org/category/voluntary-contribution-fund/

Call for Papers
The 2021 IEEE 19th International Conference on Smart Technologies (EUROCON) is an IEEE Region 8 flagship conference for the Europe. IEEE EUROCON-2021 will be held in Lviv, Ukraine, 6 – 8 July 2021. Conference organized in Hybrid format. In-person participation is available by special invitation for limited number of participants.
The conference is dedicated to the first public performed test launch of the Lebedev MESM on November 6, 1950. MESM as an Experimental Electronic Calculating Machine was research in nature, in order to experimentally test the principles of constructing universal digital computers.
The conference is co-sponsored by IEEE Region 8 and the IEEE Ukraine Section.

Conference Topics
Track 1: Computer Science, Circuits and Signal Processing
Track 2: Computational Intelligence & Artificial Intelligence
Track 3: Data Science, Machine Learning & Vision
Track 4: Systems, Man, and Cybernetics
Track 5: Systems Analysis and Engineering, Decision Making Systems
Track 6: Communication Technologies and Networks
Track 7: Information and Encoding Theory
Track 8: Dependable Systems, Services and Technologies
Track 9: Power Engineering and Energy
Track 10: Industrial and Consumer Applications
Special Track: ECE Education & History

Paper Guidelines
Submitted papers must be unpublished and should not be submitted elsewhere at the same time. Papers must have from 4 to 6 full pages according IEEE Conference Manuscript Standard. All submitted papers will be peer reviewed by at least three independent reviewers.
The official Conference language is English. Conference Proceedings will be submitted for inclusion in IEEE Xplore Digital Library. "No-show" papers won’t be submitted for inclusion in IEEE Xplore Digital Library. Each author can submit and present no more than 3 papers.

Visa
For foreign participants: no visa to enter Ukraine is required for citizens of EU, Switzerland, Norway, USA, Canada, Argentina, Japan, Turkey and some other countries. Visitors from the other countries have to contact the Ukrainian embassy for the information.

HISTELCON 2021
August 18-20, 2021 – Hybrid Format – Moscow, Russia

Call for Papers

HISTELCON is a flagship conference of the IEEE Region 8 held every two years on the history of electrical engineering, electronics, computing, their applications, and their impact on humanity's social development.

Main Topics
The main topic of the HISTELCON-2021 conference will be «How computer technologies and telecommunication change society and economy». All articles related to other aspects of the history of development in electrical engineering, electronics, computer technology, and their applications are welcome.

1. Social context of the computer technologies and telecommunication development
2. The history of the development of computer systems and developers’ teams
3. History of creation and growth of public and global networks
5. Evolution of policies and technical regulation in the field of computer technology
6. Social aspects of the development and implementation of computer technologies and telecommunications
7. Other aspects of the history of development in electrical engineering, electronics, computer technology

IEEE AFRICON 2021
Arusha, Tanzania, 13-15 September

Call for Papers

“Contributing to the Industrialisation of Africa through Innovations in Science and Technology”

We are accepting technical paper submissions for our flagship conference, IEEE AFRICON 2021. AFRICON is an IEEE Region 8 flagship conference on the African continent. IEEE AFRICON 2021 will be held in Arusha, Tanzania, 13-15 September 2021. The conference is co-sponsored by IEEE Region 8, the IEEE Tanzania Sub-section and Nelson Mandela African Institute of Science and Technology. Topics cover the full area of IEEE, e.g., Communications, Networks, Electronics, Power and Energy, Mobile Computing, Cloud Computing, Industrial Applications, Artificial Intelligence, Nanotechnology, and E-learning. This conference will feature world-class plenary speakers, major technical symposiums, industry and academic panels, workshops, tutorials and invited talks.

We invite submissions in the following tracks (a full list of topics is available at the website):
- Artificial and Computational Intelligence
- Cloud Computing, Small Data and Big Data
- Communication Networks
- Innovations for Digital Transformation and Industrial Development
- Industrial Electronics, Control, Autonomous Systems, Instrumentation and Consumer Applications
- Power and Energy Systems

IMPORTANT DATES
16 April 2021 – Full paper submission SUBMIT NOW
28 February 2021 - Workshop and tutorial proposals deadline
11 June 2021 - Paper acceptance notification
16 July 2021 - Early registration, Camera-ready papers

All accepted papers presented during the conference will be published in the conference proceedings which will be submitted to the IEEE Xplore Digital Library®. The conference proceedings have been allocated ISBN/ISSN identifiers. If the COVID-19 pandemic and travel ban from some countries prevent authors of accepted papers from attending the conference, arrangement for virtual presentation will be made for such authors.

For further details about the conference please visit: africon2021.org

Confirmed Keynote Speakers

The Nelson Mandela African Institution of Science and Technology

IEEE Tanzania Subsection
Call for Paper

IEEE RTSI 2021 is the 6th Forum on Research and Technologies for Society and Industry focusing on contemporary society and industry topics ranging from mobility, industry 4.0 issues, energy, power quality, electronics, controls, manufacturing, communications and computational intelligence.

IEEE RTSI 2021 will be held in Naples, Italy, September 6-9, 2021.

Join us in this exciting event where industry experts, researchers, and academics share ideas and experiences surrounding frontier technologies, breakthrough and innovative solutions and applications.

General Chairs:
Leonpoldo Angrisani, University of Naples Federico II
Sergio Rapuano IEEE Italy Section Chair

Technical papers are solicited on any subject within the scope of the Conference that includes, but is not limited to, the following Technical Topics:

**TRACK 1 - Smart Energy**
- Power Systems and Smart Grids;

**TRACK 2 - Smart Industry**
- Power Electronics Converters, Electrical Machines and Industrial Drives;
- Energy Management and Distributed Energy Resources;
- Renewable Energy and New generation of accumulators;
- Linear and Non-linear Modeling and control Circuits and Systems;
- Neural Networks and Neuromorphic Systems;
- Energy Harvesting, and Wireless Power transfer;
- Low Voltage Protection; Medium Voltage Protection; Surge Protection; Generator & Ground Fault Protection of Medium Voltage Installations.

**TRACK 3 - Smart Communities**
- Smart education technologies;
- Cognitive computing, Artificial Intelligence & machine learning;
- Semantic Web, Big data &Analytics;
- Smart living technologies;
- Innovation ecosystems and social capital;
- Blockchain ecosystem;
- Smart services for smart people;
- 5G wireless networks;
- Remote sensing methods and applications;
- IoT and smart communications;
- Power electronics and drives for sustainable transportation;
- Transportation in Smart Communities.

**SUBMISSION OF PAPERS**

Prospective Authors of papers are invited to submit a paper (typically 4-6 pages in standard IEEE two-column format) via EDAS by suggesting the related Track and Technical Topic. The paper should contain a complete description of the proposed contribution along with results, suitably framed in the related state of the art. Each paper will be reviewed in terms of relevance with respect to the scope of the event, originality and quality of the technical content, overall organization and writing style. Papers must be prepared according to the Author's instructions reported on the RTSI 2021 Website: [https://rtsi2021.ieeezioneitalia.it](https://rtsi2021.ieeezioneitalia.it)

Submission of papers implies intention to register and present the related content at the conference. The final manuscript must be accompanied by a registration form and a full registration fee payment proof. The length for final papers is 4-6 pages without exceptions. Proceedings papers presented at the Conference will be submitted for inclusion in the IEEE Xplore Digital Library.

**IMPORTANT DATES**

- **Deadline for submission of Special Technical Session proposal:** March 12, 2021
- **Deadline for submission of Regular Papers:** April 16, 2021
- **Deadline for submission of Tutorials proposals:** May 14, 2021
- **Notification of acceptance:** June 18, 2021
- **Deadline for submission of Final Manuscripts & Author Registration:** June 21, 2019
- Early registrations: July 2, 2021

**TUTORIALS**

Several tutorials are planned on the latest trends in industrial electronics and industrial informatics taking place on September 6th, 2021. If you are interested in organizing a tutorial, please contact Tutorials Chair at daniele.riccio@unina.it

**OTHER ACTIVITIES**

In addition to technical papers, a wide range of complementary activities for professional development are planned, supporting specific discussions among participants, with emphasis on industry-academia interactions, women in engineering, engagement of students and young professionals:
- 5th Industry Forum
- 4th Women in Engineering Forum
- Students and Young Professional Forum
- Forum on Innovative start ups and entrepreneurs
- Panels with industries

**LOCATION**

CeSMA – Center for Advanced Measurement and Technology Services
University of Naples Federico II, Complesso Universitario San Giovanni Corso Nicolangelo Protopopisani 80146 Napoli, Tel. + 39 081 2530001
cesma@unina.it, www.cesma.unina.it

Website: [https://rtsi2021.ieeezioneitalia.it](https://rtsi2021.ieeezioneitalia.it)
Subject: 2021 IEEE International Humanitarian Technology Conference (IHTC 2021) - Call for Participation

Dear Colleagues,

IEEE IHTC 2021 wishes to invite submissions for Oral Presentation only, Short Paper Presentations and Full Paper Presentation. See details below

Background

The IEEE International Humanitarian Technology Conference (IEEE IHTC) is a Multi-Regional Conference Series rotating between R7 (Canada), R8 (Africa, Europe and Middle East), and R9 (Latin America and Caribbean).

This inter-disciplinary conference series focuses on showcasing challenges, success stories, lessons learnt, case studies and technological innovation related to achieving the UN Sustainable Development Goals (SDGs), ICT4D and the application of Humanitarian Technologies (including Disaster Relief and Disaster Recovery) and facilitating engagement by stakeholders from the public, private, education and research and societal sectors around the world.

We place a particular emphasis on facilitating participation and sharing of experiences by key stakeholder groups from low and lower middle-income countries as well as low resource communities.

Established in R7, where previous editions took place in 2014 and 2017, IEEE IHTC 2021 takes place in R8 as a Virtual Conference this year, organised by Volunteers from IEEE UK and Ireland Section as well as Region 8, Region 7, Region 9 and UK and Ireland SSIT, SMC and Systems Council Chapters, UK and Ireland SIGHT, IST-Africa SSIT SIGHT, and Technical Co-Sponsored by IEEE Africa Council.

Call for Participation

Submissions are invited for Oral Presentation Only, Short Paper Presentation (early stage results) or Full Paper Presentation (mature results) to facilitate the diversity of stakeholders who wish to contribute and have valuable experiences and perspectives to share. Submissions will be assessed for quality, relevance and potential or actual impact. Presenters and delegates alike will enjoy the opportunity to share insights and build relationships with like-minded individuals, organisations and stakeholder groups around the world.

All submissions must be made online to facilitate the blind peer review process.

Presenters can choose to submit:

- Abstract for Oral Presentation (with no publication) or as a pre-qualification phase for Short Papers (Deadline 30 April 2021)
- Short Papers (Deadline 30 June 2021)
- Full Papers (Deadline 30 June 2021)

Abstract Submission - Deadline 30 April

Those interested in making an Oral Presentation or being pre-qualified for a Short Paper Presentation are invited to submit a structured abstract of c.300 words by 30 April.

Abstract Submissions should be 300 words in length. Abstracts should be structured to clearly share the following key information:

- Target Need(s) and Community/Communities Addressed
- Why this research or intervention was required
- Methodology Used
- Initial Results
The 116th IEEE Region 8 Committee Meeting

Online https://ieee8.org/r/2020-march
20–21 March 2021

- Summary Analysis of Initial Findings
- Proposed Next Steps

A Webinar for prospective presenters and short paper authors will take place at 1500 UTC on Wednesday 14 April, and recorded for those who cannot attend.

Paper Submission – Deadline 30 June (Short Papers, Full Papers)

Short Papers are appropriate for activities at an earlier stage of evolution or authors wishing to share a snapshot of results-in-progress, experiences and perspectives. These should be three to four pages in length using the paper template and include a short reference section. Participants who intend to prepare a short paper should have submitted an abstract at the pre-qualification stage (Abstract submission 30 April)

Full Papers are appropriate for mature work or completed projects and should be up to eight pages in length using the IHTC Paper Template, including full references.

See https://www.ihtc21.org.uk/call-for-participation/ for more details on the paper structure.

Conference Themes

Relevant thematic areas include but are not limited to:
- Technologies for poverty alleviation, ending hunger, achieving food security and improved nutrition and promote sustainable agriculture (SDG 1, 2)
- Technologies for effective management of refugees, sustainable (re)settlements and integration.
- Technologies for ensuring healthy lives and promoting well-being for all at all ages (SDG 3).
- Technologies to ensure inclusive and equitable quality education and promoting lifelong learning opportunities for all (SDG 4).
- Technologies to ensure availability and sustainable management of water and sanitation for all (SDG 6).
- Technologies to ensure access to affordable, reliable, sustainable and modern energy for all (SDG 7).
- Make cities and human settlements inclusive, safe, resilient and sustainable (SDG 11).
- Technologies to combat climate change and its impacts (SDG 13).
- Technologies to specifically assist in disaster mitigation, management, relief, and recovery.
- Humanitarian and sustainable engineering programs, educational technologies, course material, curricula (SDG 4).
- Community engagement; social and economic factors in humanitarian engineering
- Ethical, Societal, Privacy and Security considerations in the co-design, implementation and deployment of Sustainable Development, ICT4D and Humanitarian Technologies
- Supporting Implementation of Other SDGs

Committees

Please visit https://www.ihtc21.org.uk/ for information on conference officers.

Briefing Webinar (14 April, 1500 UTC)

As some stakeholders with valuable insights and perspectives to share may have less experience preparing conference presentations or papers, the UK and Ireland SSIT Chapter, UK and Ireland SIGHT and SSIT IST-Africa SIGHT are organising a hands-on participatory webinar on Wednesday 14 April.

For Registration and more information, please visit https://events.vtools.ieee.org/m/264822
Call for Thematic Reviewers
If you are an experienced conference or journal reviewer with the necessary technical, professional or research expertise to address one or more of the conference themes, please contact Miriam Cunningham (TPC Co-Chair, program@ihtc21.org.uk) and volunteer to review paper submissions and provide actionable, constructive feedback to authors.

For further Information, please contact
  Registration and General Queries - secretariat@ihtc21.org.uk
  Abstract and Paper Submission and Program – program@ihtc21.org.uk

We look forward to your submissions.

Best wishes,
Prof. Ali Hessami and Prof. Paul M Cunningham, IEEE IHTC 2021, Conference Chairs
