Section Vitality

Please provide information about the date of last Section elections, date of next elections, and do you have the practice of Vice-Chair becoming the next Section Chair. Section ExCom meetings (list them and provide brief summary if appropriate). List the activities carried out to retain and recruit members and the results obtained.

Elections take place every 2 years. Next elections planned will take place in 2022 (Dec. 2021) for the section.

Since vitality is one of the three focus areas of Region 8, it is also of high priority for the IEEE Cyprus Section. For the next period we are planning the following activities:

- Continue updating our website <http://ieee.org.cy>
- Keep metrics related to membership development. Contact deactivated members and ask them to renew.
- Motivate members to apply for Senior Membership.
- Further enhance the collaboration between SBs.
- Organize seminars and workshops for our members.
- Teacher In-Service Program (TISP) : organize workshops in high schools
- Continue supporting the Action for Industry (AFI) initiative.
- Encourage the chapters that are not so active to organize more activities : a Chapters Coordinator has been appointed.

Planning to strengthen even more the Action For Industry: 34 Internships (from companies that participated last year also) [> 9 new student members]

Industry

List the activities carried out to foster relations with Industry and the results obtained.

The IEEE Cyprus Section in 2020, even under the disastrous effects of the pandemic continued to implement the MOU agreements for internship programs with 11 companies from the Telecom, Energy and Computer sectors and has 34 internships for our student and YP members were successfully completed.

Activities since the last report

Highlight some of the activities in your Section, with special attention to the things that work well, and things that don't, so that your acquired know-how can be used by other Sections.

The IEEE Cyprus Section in 2020 continued to implement the MOU agreements for internship programs with 11 companies from the telecom, energy and computer sectors and has 39 internships for our student and YP members were successfully completed. The IEEE Cyprus Section during the IEEE Day will organize a booth exhibition from established and start-up companies, along with a social event, for all our members.

The Section supports financially the chapters and student branches in organizing technical activities for our members. We stress that during those activities special attention should be given to recruitment. Our MD officer is very active in contacting members that did not renew in order to do so. We are happy that both our retainment and recruitment goals are being achieved.

Planned activities

Highlight some of the future activities and initiatives in your Section.

The IEEE Cyprus Section will continue sponsoring events, activities, competitions and seminars, related to new technologies and other issues that are for the interest of the students, organized by the student branches in cooperation with their universities. The implementation of internship and mentoring programs through the Action for Industry Initiative will provide value to students and young professionals. Through the internships they will be able to acquire working experience and opportunities for future employment. We have appointed the outgoing Chair of our very successful University of Cyprus Student Branch as the Student Branches coordinator to stimulate all Student Branches to further upgrade their activities. The seminars organized frequently by the University of Cyprus Student Branch are especially successful for student recruitment.
