

Humanitarian Activities Committee

Abdullateef Aliyu

Goals

Our goal in HuAC is to work closely with the respective Sections, Affinity groups and various OU in the Region on trusted Humanitarian interventions and IEEE Humanitarian initiatives by collaborating within and Outside IEEE. Our plans are:

- 1. Connect with the team and build optimal humanitarian team in the Region
- 2. Mentor existing HAC/SIGHT groups and prospective groups
- 3. Increase visibility of Humanitarian Activities within the region
- 4. Encourage reporting on Vtools by monitoring and reaching out
- 5. Create more awareness on SIGHT/HAC activities
- 6. Increasing the number of proposals submission
- 7. Celebrate SIGHT Week 2021
- 8. Get Student and Young professionals involved with Humanitarian Activities
- 9. Collaboration in organizing humanitarian conferences in R8
- 10. Collaborate with other OU in the Region and outside
- 11. Collaborate with external organizations on Humanitarian projects

KPI

- Increase the number of SIGHT groups in the Region by at least 25% by Q3
- Develop HAC/SIGHT Operation manual that will guide volunteers on Humanitarian roles and resources available by Q2.
- Increase reporting on Vtools by 50% by Q3
- Launch min of 2 Humanitarian Initiative in the Region by Q1 and Q2
- Launch first flagship Humanitarian project in the Region

Progress against goals since the last report

1. Increase the Number of SIGHT groups:

In addition to 3 new SIGHT groups in March 2021, we now have additional 3 new SIGHT groups (Ethiopia, Ghana and South Africa) this bring the total of 6 new sight groups in 2021 in our Region. This is 33% increase in number of sight groups in our region in 2021. Mentors were assigned to respective SIGHT groups to provide guidance and clarification on issues/concerns to increase their participation. The committee is currently mentoring 3 prospective groups in Norway, Italy and Israel.

2. **Develop HAC/SIGHT Op Manual** : The old operation manual is under review and new information are been added. Manual targeted circulation in first week of December 2021.

3. **Increase reporting on Vtools:** The committee launched a campaign by reaching out to respective groups on reporting on Vtools. Statistics show a 4x increase in reporting. 60 SIGHT/HAC event are now reported on tools as against 15 SIGHT/HAC events reported on Vtools in March 2021.

4. Launch min of 2 Humanitarian Initiative:

a. **Humanitarian Voices**: The first Humanitarian initiative tagged "**Humanitarian Voices**" Launched. Content for this initiative is currently populated and it is expected to be on our social media and news article soon. We posted call for recruitment of graphic designer to help with this task.

b. **Connecting the Humanitarian**: The second Initiative that will focus on **Connecting the Humanitarian** is Work in progress as it will be in collaboration with Young professionals AG Connecting the Experts Series.

c. Regional Humanitarian Tech Hackathon: We successfully completed the JEH21 Hackathon hosted by Jordan and Emirate SIGHT groups which 3 exceptional solutions to tackle COVID emerged. We have published an Article on this event in Region 8 News. https://ieeer8.org/news/three-3-top-solutions-to-tackle-covid-19-emerges-from-jeh21-hackathon/

c. **Awards:** In order to motivate the volunteers and AG and section groups. The Regional Awards for Outstanding volunteers and Affinity groups on SIGHT/HAC activities to be launch with the other Awards in the Region. Application for the global award in ongoing

5. Visibility:

a. Social Media Handles

- Facebook Insights last 28days
- People Reached 7228 about 31% increase, Post Engagements 570 about 109% increase, and 3000+ page followers
- Instagram Insights Last 30days
- 441 Account Reached and 1042 followers
- b. Website Update: Website updated ongoing. More updates to follow in the coming week.

c. Round Table Discussion with Chairs

Held Round table discussion at the RTSI 2021 in Italy virtual Meeting .

6. Collaboration with Organization:

The attempt to assist the famine situation in Madagascar was not successful as the amount required is enormous as compare to early projection. The approach is to launch a call to solicit proposal on best way to tackle such situation.

Subcommittee Specific Issues 1

1. Many AG, SB would like to organize events without having funding support for such activities as SIGHT/HAC do not have funding to support meet-ups and local activities.

- 2. COVID situation in some countries slowed down events and active participation of some of the committee members
- 3. Lack Succession planning in the leadership of chairs sight group

Points of Concern

- 1. Increase awareness on IEEE HAC/SIGHT program and funding opportunities to help increase the level of participation
- 2. Request to have a customized Online/webinar tools such as zoom for virtual events
- 3. Face 2 Face meeting for the committee to increase team performance

Proposals for improvements/Other Issues to report

- 1. Need for more funding opportunities: IEEE Humanitarian CFPs from Region 8 and other sources.
- 2. Approval on Award for Sections and Outstanding volunteers on Humanitarian activities in the Regions

3. Team at its norming stage and gradually progressing towards performing stage. An opportunity to meet would improve delivery.
