

## **IEEE Morocco Section**

**Nasser Assem**

### **Section Vitality**

Last Section elections: Mar 23, 2020

Next elections: Dec 2021

Due to the pandemic, our activities have been severely limited. As the situation is improving, more meetings and activities are planned.

### **Students**

Some student branches specially in Fes, Rabat have been more active.

### **Affinity Groups**

The Women In Engineering and Professionally and Young Professionals affinity groups have started to get re-involved in more activities.

### **Chapters**

Some chapters have been active, especially with conference co-sponsoring and organization.

### **Industry**

The section has been active within the Africa Council initiative for relations with industry, with more recommendations proposed.

### **Activities since the last report**

Again, due to the still ongoing pandemic, only important activities have been carried out since the last meeting: Conferences' technical and financial sponsorship, in addition to the participation of our section in the Africa Council activities, meetings.

### **Planned activities**

As the pandemic situation is improving a bit, we have tried to get our students and volunteers more involved, with more meetings and activities.

### **How Region 8 can be of help to your Section, members, and activities**

Again, with more innovative approaches, specially under the pandemic constraints, the section can use any help that could be provided by the Region and the Africa council.
