

Standards Coordination

Tunçer Baykaş

Goals

The main goals of our subcommittee

1. Standards speakers for events and conferences
2. Section and student branch events
3. Standards events

1. Presentations

- 1) CSCON 2022 T. Baykas
- 2) IEEE Turkey Comsoc Education Camp 2022 T. Baykas
- 3) CEUSYP 2021 T. Baykas
- 4) HSYP 2021 T. Baykas
- 5) Thessaloniki Standards Summit 2021 T. Baykas
- 6) Finland Section Standardization Seminar V. Monnehebrun

2. Section and student branch events

- 1) Mars Game (**100 + registration**)

3. Standards Events

- 1) Global Standards Symposium February 2022

<https://gss.itu.int/wp-content/uploads/2022/02/2022-02-28-GSS-20-Conclusions-E.pdf>

Recognizing that the International Telecommunication Union (ITU), the International Organization for Standardization (ISO), and the International Electrotechnical Commission (IEC) play a leading role in facilitating and harmonizing the global standardization efforts for sustainable digital transformation,

- Calls for continued collaboration between the international standards developing organizations (SDOs) including ITU, IEC and ISO as well as other standard-setting entities such as ETSI, IEEE, IETF, W3C, 3GPP (among others), to facilitate digital transformation.

- Works towards bridging the standardization gaps between developed and developing countries and scaling up of technology rollouts to achieve the 2030 Agenda for Sustainable Development.

- Urges the adoption of international standards as a key enabler for digital transformation, recognizing that international standards can facilitate the ongoing digitalization of cities, communities, industries and sectors by enhancing . productivity, security, efficiency and by promoting interoperability between platforms.

- 2) Working with TAB COS to promote IEEE standards.

Tech Talk How Technical Standards Shape My Career

Date and time: 9:00am ET, April 8 (Friday), during the IEEE Education Week

Speaker: Nada Golmie

Registration: <https://bit.ly/3HIQKJu>

Points of Concern

Our main concern is reaching IEEE Region 8 members. An email is sent to R8 chairs to announce that the TAB Committee on Standards (CoS) is looking for proposals from Societies and Councils (S/C) that currently have little or no standards activities. We are not sure if the chairs forwarded it to chapter chairs.

Proposals for improvements/Other Issues to report

We may want to promote IEEE Region8 LinkedIn page to reach more people.
