

IEEE R8 meeting 2-3 April, 2022 IEEE HS

Levente Kovács, chair

Dániel András Drexler, vice chair

IEEE HS at a Glance

Our Membership

398
Members

12
Chapters

6
Student Branches

Our Technical Breadth

6
Annual Conferences

Major achievements

1. Professor Imre Rudas, life fellow of IEEE HS was the president of the Systems, Man, and Cybernetics Society in the period 2020-2021
2. IEEE HS maintained large number of members regardless of the COVID19
3. IEEE HS organized several conferences in hybrid form from 2021
4. IEEE HS CSS chapter won Outstanding Chapter Award in 2021

Major best practices

1. Hybrid conference organization
2. Managing Q2 interdisciplinary journal Acta Polytechnica Hungarica, IF: 1.806 (2020)
3. Organizing the IEEE HS Student Paper Contest to find talented young professionals

Major problems

1. Low activity of Student Chapters: we are motivating students to form new chapters
2. Low activity of industrial members
3. Industry has low interest in IEEE in Hungary

Plans for the future

1. Establishment of Woman in Engineering entity in HS
2. Establishing new Student Branches
3. IEEE HS 35th anniversary celebration in October, 2022
4. Deepen the connection with Sections of neighboring countries, organizing conferences, establishing joint chapters
