- Started as an online program in response to COVID
- 67 events in the past 2 years
- 15+ AGs took participation in organising sessions
- 5000+ views on Youtube channel
- 3000+ views on Facebook
- 1500+ attendees during live sessions

**As of 2022, the program will be closed as an online version with the possibility to continue in original format with live events in companies**

- 63 local events in the region completed by the end of 2021
- almost 6000 participants in local events and nearly 200,000 digital participants in regional events
- 100 ambassadors volunteered and engaged
- 30 countries involved
- 471 start-ups and technological innovations on the topic of sustainable engineering were competing in local competitions in 2019, 2020 and 2021 Entrepreneurship Week
- 95 start-ups out of 471 were competing at the international stage
- 10 internationally coordinated talks organized by the project team and many more (over 500) as part of local events
- A digital community built with over 6000 followers
- The winning startups fundraised ~100,000 USD

**As of 2022, a separate committee was established within IEEE Region 8, ensuring the long lifecycle of the foundations established within the project**

# IEEE REGION 8 SYP CONGRESS 2022

*Proposed date: from August 3 to 7, 2022*

*Proposed location: Tunis, Tunisia*

**! IMPORTANT !**

Only YP AGs in good health standings will be considered for funded participants!

Minimum:

- AG Chair elections every 2 years
- At least two events per year reported

**Please check with your YP Chair about the status of your AG!**

- What do we expect from LMAGs?
- 2022 LM Awards Program of the IEEE LMC
- R8 LM Sub-committee

# Life Members (LM) Overview

- Life Members definition
  - “Members who are members of an organization for the rest of their life”
  - IEEE Life Membership is automatically bestowed upon an active IEEE member who
    - Has attained the age of 65 years
    - Has been a member of IEEE for such a period that the sum of his/her age and his/her years of membership equals or exceeds 100 years
- LM organization structure
  - Life Members Affinity Groups (LMAG) in IEEE Sections
  - Overall organizations
    - IEEE Region
    - IEEE Life Members Committee (LMC, joint committee of IEEE and IEEE Foundation)

## Life Members in Region-8

- Total number of Life Members in Region-8: 2508
  - Number of unaffiliated Life Members: 574 (LMs without LMAGs in Sections)
  - Number of affiliated LMs: 1924 (76%)
- Number of LMAGs
  - Region-8: 17
  - Worldwide: 122
  - Main conditions of establishing an LMAG
    - Formation by petition, approval by Region and IEEE LMC
    - Minimum of 6 active IEEE higher grade members
      - recommended 6 or more LMs
      - Non-LM LMAG members are welcomed
    - Chair must be a Life Member

# LMAGs worldwide

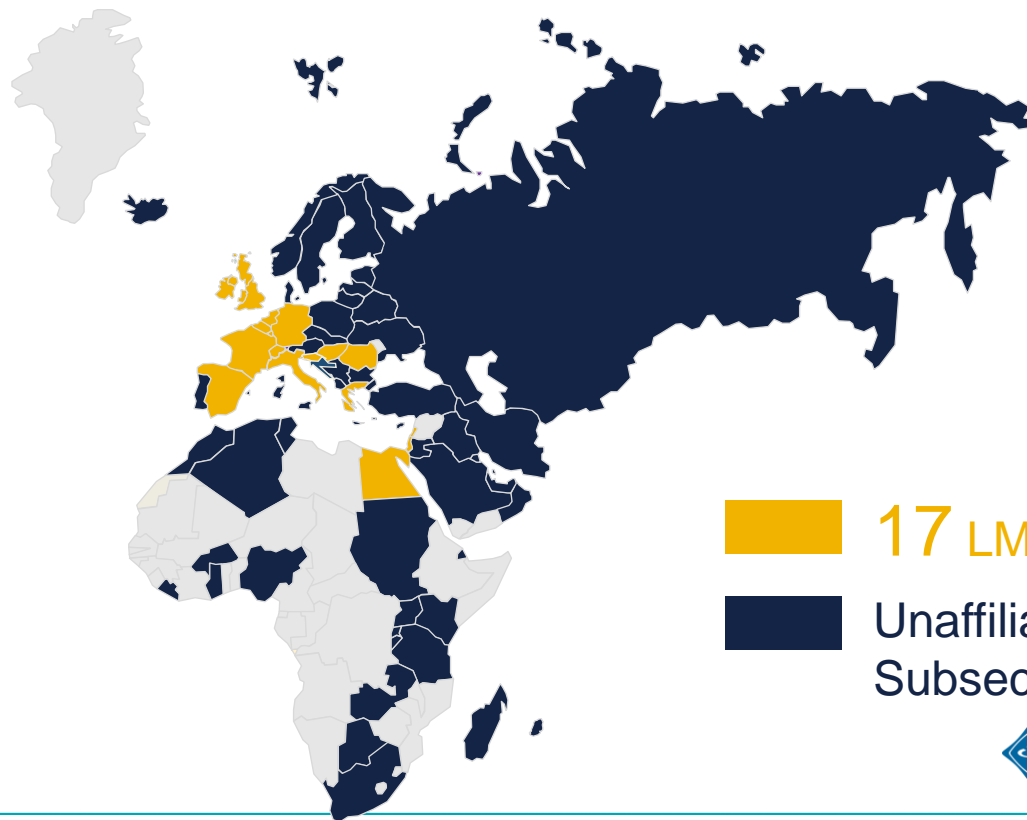

LMAGs in Regions / R8 has the 2nd largest LMAG group

## Overview of our activities

- A sample of the events since November 2021 are included in our report, we would now like to focus on digital communication report, as further emphasized.
- We believe that digital communication is an important aspect in attracting members and keeping them updated and satisfied with our activities.
- Good public content may incentivize Sections to create Section WIE AGs if none is existing.

## R8 WIE involvement in conferences

- We successfully participated in the judging of the R8 WIE Awards
- One of the biggest events was the participation of R8 WIE in the WIE global live 12-h marathon, on the 8<sup>th</sup> of March 2022, celebrating 25<sup>th</sup> anniversary of WIE. R8 had one of the highest slots of 2h30 minutes. Maria presented the activities and some interesting aspects on diversity and equal opportunities in the engineering field, and contributions from R8 WIE AGs (Romania, Croatia, UK & Ireland).
- Some requests from MELECON 2022 (June 14-16, Palermo) for a R8 WIE representative, Maria confirmed support
- 8th International Youth Conference on Energy (IYCE'22), Dora advertised it, Maria asked for a slot in the event
- Participation in R8 SYP - August 3-6 Tunisia is envisaged
- Participation in Power Africa Conference - August 22-26 (Rwanda) in envisaged

## Project: Food Security for the less privileged

This is the first quarter project/event for the IEEE SIGHT Nigeria, it was kicked off in the FCT Abuja and it will be replicated nationwide. It is meant for neighborhood support of the less privileged who do not have means of livelihood. We ordered for food and delivered them to the needy ones around us, we got a large order in very cheap prices. It will continue for this period of the dry season, to save lives out of hunger, we feed once a day meal per person. Focusing more on women and children. For this, we focused on areas of Karamajiji and Lugbe axes.

**Start Date:** January, 2022 **Finish Date:** April, 2022

**Impact:** Improved immunity to communicable diseases, sustained lives and job creation

**Nigeria Section Team:** John Funso-Adebayo, Engr. Yakubu Bello, Ms. Amara Ogu, Mr. Ebuka Angel, Ms. Joan Onuigbo

# Mission and Statement of authority

## Mission

To stimulate in the Region's subunits the **awareness and importance of history**, the **proper documentation of their history**, and the **organization of history-related activities**.

## Statement of authority

1. Document the **Region's history** and make the documentation publicly available on the Region's website and through the [Engineering and Technology History Wiki](#).
2. Support the **Region's subunits** in properly documenting their **history**.
3. Support the **Region's subunits** in their **history-related activities** — such as (but not limited to) preparation of [IEEE Milestones](#), arranging of [Oral Histories](#), and organization of history-related meetings and conferences — and assist in establishing necessary **contacts with relevant IEEE organizational units**.
4. Maintain a strong relation with the [IEEE History Committee](#) and the [IEEE History Center](#).

## Contact and sources of information

- We can be contacted at [ma-ha@ieeer8.org](mailto:ma-ha@ieeer8.org) (but put [m.j.bastiaans@ieee.org](mailto:m.j.bastiaans@ieee.org) in CC).
- We maintain two webpages on the R8 website: [History Activities](#) and [History](#).
- The R8 [History Activities](#) webpage is updated on a regular basis. Visit the page to see the latest news about **recent, ongoing, and future history activities** in Region 8.
- The Region 8 [History](#) webpage and the [Region 8 history book](#) is updated when new information becomes available. This webpage and the history book are also great **sources of information for Sections' histories**.

### Other possible sources for Sections' histories

- The **minutes** of almost all Region 8 Committee meetings are now available as pdf: [1962-1970](#), [1971-1983](#), [1984-1993](#), [1994-2009](#), and [2010-2020](#).
- [Scanned versions](#) of all **Region 8 News issues** are available and an **index** to news of each Section is provided for easy reference.

*How computer technologies and telecommunication change society and economy*

The conference took place as a **virtual** meeting on the Zoom platform.

- **HISTELCON 2023, Firenze, Italy** (? **still to be approved by R8 Committee**), probable dates **7-9 September 2023** (? **not yet decided**)

- **Milestone dedication: Rome, Italy, 15 December 2021**

Giovanni Giorgi's contribution to the rationalized system of units, 1901-1902

Giovanni Giorgi proposed rationalizing the equations of electromagnetism. His proposal added an electrical unit to the three mechanical units of measurement (meter, kilogram, second). While he was a professor at the University of Rome, the International Electrotechnical Commission adopted a version of Giorgi's system. His ideas formed the basis of the universally adopted International System (SI) of units, currently used in all fields of science and engineering.
