

## Airport Taxi Transportation

Quotation from the "Bucharest\_City\_Guide.pdf"

"Taxi is quite cheap in Bucharest, with fares between 2.59 Lei/km and 2.99 Lei/km. All taxis are yellow and information from fare to company name, car number, and phone number are visible on the exterior of the car. When calling a regular taxi on the street you will have to pay in cash. Star Taxi app is widely used in Bucharest. It is available for both Android and iPhone. Using this app you can order a regular taxi. You can pay either by card (provided via the app) or cash. Uber and Bolt are available in Bucharest at similar prices or higher."

1 EUR = 4.91 RON (Romanian Leu); 1 US\$ = 4.61 RON (Romanian Leu)

Taxi drivers waiting in front of the airport rarely speak English, don't accept credit cards, don't issue fiscal invoices and usually ask for high price. Uber works well, is cheap and convenient; in rare cases the cars are old and not very clean.
