

Section Name: Nigeria Section

Reporting Officer Name: Abdullateef Aliyu

Section Vitality

The IEEE Nigeria Section Election was last held in 2021 and new Officers resumed office on January 1st 2022. New officers are posted on Vtools. There are a few modifications in the officers as Section SAC Chair is now **Godwin Ozor** and the Membership Development officer is now **John Funso Adebayo**.

Newly formed Chapter/Student branch/Student branch Chapters in Nigeria Section:

1. EDS – Electronics Devices Society - Chapter
2. Robotics & Automation Society
3. Skyline University Kano - SB
4. Enugu State Polytechnic Iwollo - SB
5. Enugu State University of Sci & Tech , Robotics and Automation Society Student Chapter.
6. Enugu State University of Sci & Tech , Power Electronics Society Student Chapter
7. Enugu State University of Sci & Tech , Power and Energy Society Student Chapter
8. Enugu State University of Sci & Tech , Electronics Packaging Society Student Chapter
9. Institute of Management and Technology , Power Electronics Society student chapter

Students

The list of Active Student Branches in the Nigeria Section are shown below:

University of Lagos	Obafemi Awolowo University
University of Ibadan	Federal University of technology owerri.
Nnamdi Azikiwe University Awka	Elizade University
Afe Babalola University	Enugu state University of technology
Institute of Management Technology	Rivers State University
University of Port Harcourt	Niger Delta University
Nile Turkish University	Federal University of Technology Minna
Ahmadu Bello University	University Of Nigeria Nsukka
Skyline University Kano	

Section Activities till date

1. IEEE Financial Systems Processes and Accountability/ **Consultant Network** - 26th September 2022
2. Celebration of World Teachers Day/Week / **Section** - 6th October 2022
3. Digital Transformation and Continu>ED in Africa / **Consultant Network**- 15th October 2022
4. Preparing for the Workplace / **WIE** – 13th October 2022
5. Membership Drive/ **Section** – 14th October 2022
6. IEEE Continu>ED Exhibition at Digital Nigeria/ **Section** - 26th Oct, 2022
7. Catch Them Young STEM Assembly/ **Section** - 7th Nov, 2022
8. IEEE Nigeria Section ExCom Meeting – **Section** 4th Nov, 2022
9. IEEE Nigeria Section Technical and Administrative Meeting /**Section** – 5th Nov, 2022
10. Time, A potent controller – **Young Professionals** – 19th Nov, 2022
11. Exceptional Leadership, Growing to the Apex/ **WIE** – 26th Nov, 2022
12. IEEE WIE Africa / **WIE** – 10th Dec, 2022
13. Courtesy Visit to Honourable Minister of Communications and Digital Economy/**Section** – 12th Dec, 2022
14. BlockChain Opportunities / **Young Professionals** – 18th Feb, 2023
15. IEEE Nigeria ExCom meeting - **Section** – 11th March, 2023
16. Africa Student and Young professionals Planning –/**Young Professionals** -18th March, 2023

Planned Events

1. Town Hall Meeting – 29th April, 2023
2. PES Day Celebration – Q2
3. Technical and administrative Meeting Q2
4. Africa Students and Young Professionals Congress – Q2
5. STEM training Q4
6. IEEE Day 2022 Q4

Affinity Groups

Young Professionals

1. Time, A potent controller – **Young Professionals** – 19th Nov, 2022
2. BlockChain Opportunities / **Young Professionals** – 18th Feb, 2023
3. Africa Student and Young professionals Planning –/**Young Professionals** -18th March, 2023

Blockchain Opportunities

Speakers:

- Speaker: Mohammed Ibrahim Jega, Co-founder, Sunstream Blockchain Solutions Ltd
- Speaker: Avis Charles, CEO Hupay
- Speaker: Engr. Asuka Otagu, CSO/Managing Partner, Coffey Ventures Ltd
- Host: Mistura Multi-Tijani
- Moderator: Umar Adam Ibrahim
- Co-Moderator: Chayika Adebayo

Saturday, February 18th
Zoom ID 576 919 6474
5PM

Leveraging AI in Security

Speakers:

- Guest Speaker: Aminat Misinyemi-Ajisola, Academic Director, Robotics and AI Nigeria
- Speaker: Dr. Godwin Olor, Chair, IEEE SAS Nigeria
- Moderator: Favour Mokuweye
- Host: Mistura Multi-Tijani
- Co-Facilitator: Uchenna Ezeque

Saturday, March 18th
5PM

Time, a Potent Controller

Speakers:

- Speaker: Engr. Dr. Kamolli Akinwale Amusa, HOD, Department of Electrical & Electronics Engineering, FUNSOD
- Speaker: Engr. Abdulkareem Ajiye, SAIEEE
- Host: Mistura Multi-Tijani
- Moderator: Engr. Toluope Einocho
- Co-Moderator: Daniel Tanrefa

Saturday, 19th November 2022
10AM

Activities	Planned Date
Leveraging AI in Security	Q2
ASYP	Q2
Spotlight	Q2

Women In Engineering:

1. Preparing for the Workplace / **WIE** – 13th October 2022
2. Exceptional Leadership, Growing to the Apex/ **WIE** – 26th Nov, 2022
3. IEEE WIE Africa / **WIE** – 10th Dec, 2022

IEEE Women in Engineering, Nigeria Section
Student Development Series

Topic:
Preparing for the Workplace.

Host: **Patience Obihi Enahoro**
Chair, IEEE Nigeria WIE
Energy & Sustainability Professional,
EconMobi

Speakers:
Dr. Adeola Olubamiji
Director Solutions Engineering,
Desktop Metal, USA.
Oludamilola Borlehade
Environmental and Regulatory
Manager, EconMobi MPN.

Facilitators:
Stephanie Onuoha
Engg. State University of Science
and Technology
Olayinka Atobilloye
University of Lagos

Thursday,
13th October, 2022 7pm

IEEE Women in Engineering, Nigeria Section
Professional Development Series

**Exceptional Leadership;
Growing to the apex of
your organisation &
industry**

Guest Speakers

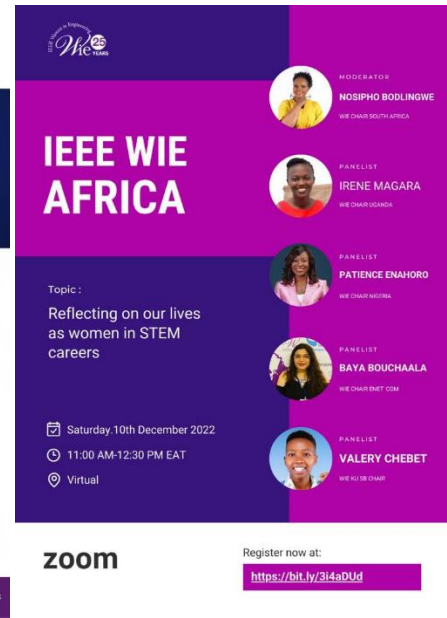

Adebisi Lamikanra
Independent Non-executive director,
Standard Chartered Bank (Nigeria), Leadway
Assurance P/C, Nestle Nigeria, EverCare
Hospital and Coronation Securities.
**Retired Partner and Head of
Advisory Services, KPMG in Nigeria**

Oluseyi Afolabi
Principal Consultant / CEO,
Reservoir & Surface Facilities
Solutions Ltd
**Retired Executive Director,
EconMobi upstream Companies
in Nigeria**

Host: **Patience Obihi Enahoro**
Chair, IEEE Women in Engineering,
Nigeria
Co-Host: **Prof. Waiyenna Actuomba**
Vice-Chair, IEEE Nigeria Section
Facilitator: **Olayinka Atobilloye**
IEEE WIE Student Member

SIGHT:

There are (2) two existing SIGHT Affinity groups in the section.

- Nigeria Section SIGHT
- Enugu State University of Science and Technology SIGHT

SIGHT Activities in Nigeria

Nigeria SIGHT members worked on the following projects

- IEEE Region 8 Project – Solar Street Lighting for Brick City Community – Project report submitted to HTB and closed

The projection for the year 2023

Strong public awareness campaigns to encourage all universities to establish a Student Branch SIGHT to address the needs of local communities.

How Region 8 can be of help to your Section, members, and activities

1. Payment in Local Currency for Membership:

Member renewal and recruitment often become tedious due to the forex policy by the government. The current practice of renewal and new membership registration is only possible when the section intervenes by providing discounted exchange rates. This is not sustainable, and the region should help with the integration of a digital platform that will receive membership due in local currency.

2. Community/Humanity:

Sustainable Development Goal 1, one of the 17 Sustainable Development Goals established by the United Nations in 2015, calls for the end of poverty in all forms. The official wording is: "No Poverty".

Considering the global need at this time, we can also look at the R8 humanitarian alignment and IEEE HAC with the SDGs.

2. New initiatives:

Critically looking inwards the IEEE we have so many new initiatives we're yet to onboard as a whole.

Maybe we start from what we've sustained and failed at, then we can propose an all-inclusive new initiatives to add up.

3. Leadership of all AG and OUs:

For instance, handing over has not been that smooth for the SBs. A proposal will be to have sponsored VOLT training for sections.

Any other issues of interest
