

Nominations and Appointments Committee

Antonio Luque

Goals

Submit to the Board of Directors, after the approval of the R8 Committee, a slate of at least two and not more than three candidates for Region 8 Director-Elect (from IEEE R8 Operations Manual)

Progress towards the goals

The R8 N&A Committee has conducted the collection of applications and then evaluations for candidates to the position of IEEE Region 8 2025-2026 Director-Elect.

The R8 N&A Committee issued a call for nominations to all members in Region 8 on 1 March 2023, with a deadline of 31 May. A total of valid 16 nominations were received before the deadline.

The N&A Committee met on 3 July and recommended a slate of three candidates to the Region 8 Committee. This recommended slate and nomination forms have been submitted to R8 Committee members in advance of the 121st R8 Committee meeting. The R8 Committee will select the slate to be sent to the IEEE Board of Directors during the meeting.

Proposals for improvements

The N&A Committee, with the endorsement of the OpCom, is proposing a change to the R8 Operations Manual that will preclude N&A members to run for Director-Elect unless they resign before.
