Progress against goals since the last report

1. Development
 - a. Five (5) new LMAGs have been formed 2023
 - b. Campaign has been made for forming LMAGs in 11 potential Sections
 - c. Three (3) petitions are in progress to form new LMAGs recently
2. Sustainability
 - a. Continuous check of vTools Event Reporting and vTools Officer Reporting
 - b. Campaign has been made for LM Profil Confirmation
 - c. Regular circulars have been distributed for remembering of the actual To-Do's.
 - d. The issues a), b), and c) caused significant gaining in the administrative status of both LMAGs and the LM Committee
3. Cooperation and Support
 - a. Annual in-person LMAG meetings are planned in 2023/24.
4. Publicity
 - a. Campaign for regular article publication to LMC Newsletter and R8 News

LM Committee of R8, Specific Issue 1: R8 recipients of LMC Award

1. Individual LM Service Award: Wim van Etten, Benelux Section.
2. LMAG Achievement Award: UK & Ireland Section LMAG

Points of Concern

1. The Section Chairs show limited interest in the LMAG activities
2. Weaknesses of the IEEE Petition process
 - a. It contains too many formal issue
 - b. The approval process should be independent from the actual political situation

Proposals for improvements/Other Issues to report

.
