

Careers Ad hoc

Mohamed Amin

Ad-Hoc description

The Ad Hoc is initiated to look for new services that could be provided to members, oriented towards excellence in career development and knowledge of the job market.

The main aim is to develop a new way to provide services to members (and perhaps potential members) consisting in non-technical tools to better understand the job market, help them advance in their careers, or promote themselves in the corporate environment, in the fields of interest of IEEE and in the area covered by R8

The members of the Careers Ad Hoc committee:

- | | | | |
|---|------------------|--------------|--------|
| ● | Mohamed Amin | Egypt | Chair |
| ● | Andreas Neumeier | Germany | Member |
| ● | Haya Youssef | UK & Ireland | Member |

Plans and Goals for 2023

1. **Strengthen** the collaboration between Career services and Industry programs in AFI, Entrepreneurship, Membership development, YP and WIE to better serve our members.
2. **Promote** IEEE career related content on IEEE R8 social medial channels and via launching the Career Live Show program.
3. **Collaborate** with external entities like corporates, government, and career event organizers to promote IEEE as professional home and bring back benefits to our members.

Current available IEEE R8 career services for members are:

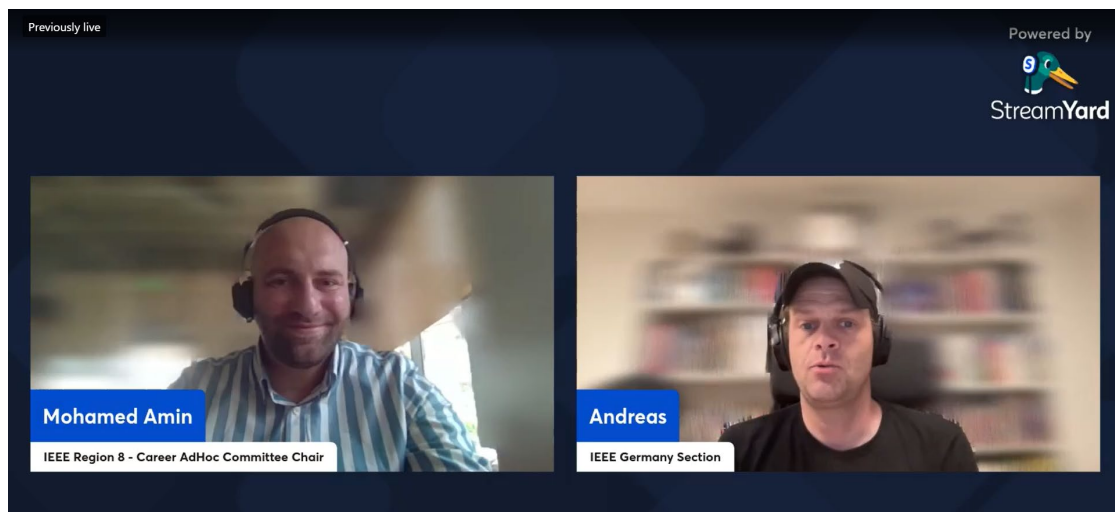

- IEEE Career Live Show:

IEEE Career Inspiration is a live show hosted by Andreas Neumeier “where we'll be featuring live interviews with IEEEsuccessful professionals from diverse industries.

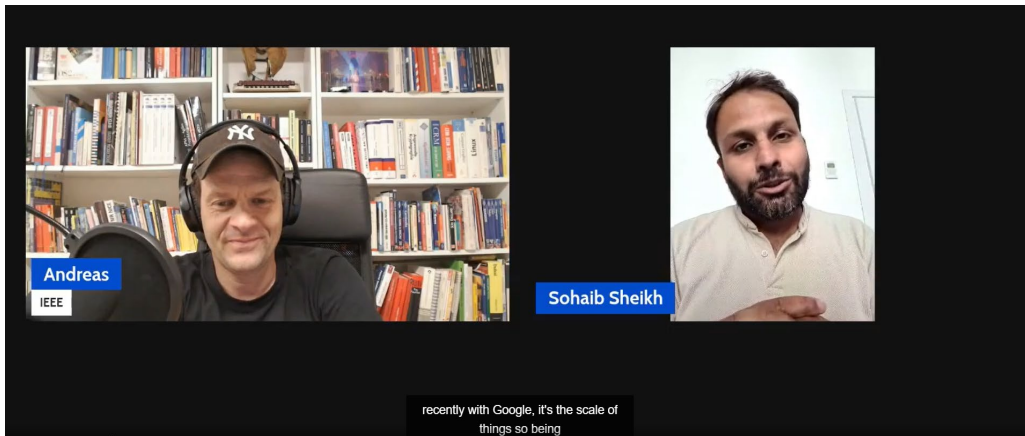

The aim is to showcase a dynamic conversation with top talents from the tech industry, who will share their personal journey, career insights, and tips for success.

Our Episode 0 – was the kick-off:
