

## IEEE Malta Section

Regular meetings are organised involving representatives from affinity groups and student branch. We have reached out to MCAST where events are being planned to involve students from a different higher education institution. During freshers week an IEEE stand was setup to inform students about what opportunities IEEE offer.

Malta Section including the Computer Society in collaboration with Region 8, Professional and Educational sub-committee is hosting IEEE Robot championship November 2024.

## Activity Report

September 2023 – February 2024

IEEE Science in the City

The IEEE Malta Section participated in this year's Science in the City event. The event was held on the 29<sup>th</sup> September at Valletta. IEEE Promoted its STEM Activities and Robotics. . [tryengineering.org](http://tryengineering.org) and [trycomputing.org](http://trycomputing.org) were promoted.

### IEEE Awards and Distinguished Guest Night

This exclusive event took place on December 7, 2023, at the MITA premises St Venera.

The evening commenced with a welcome address, followed by two talks and the Awards Ceremony where the remarkable achievements of our esteemed members and guests were honoured.

Post the awards presentation, we invite you to join us for an Appreciation Night. This segment of the event is dedicated to acknowledging the hard work and dedication of our members and volunteers who have immensely contributed to the success of IEEE particularly IEEE R8 Robot Championship Malta 2022.

As a special highlight, two Distinguished Visitors shared her insights and experiences.

The Talks were:

Smart Digitalization of the Energy Sector using Blockchain

- ELEONORA RIVA SANSEVERINO, DIPARTIMENTO DI INGEGNERIA,  
UNIVERSITÀ DI PALERMO ITALIA

Harmonizing AI, Blockchain, for Healthier Innovation

- MARIA MARENCO, INNOVATION SPECIALIST, ENTREPRENEUR

🟡 Attention Robotics Enthusiasts! 🟡

If you're keen on robotics, design, and engineering and enjoy competition, the IEEE R8 Robot Championship 2024 in Malta is your call to action! This international event is a celebration of STEM, promoting teamwork, creativity, and problem-solving.

Event Highlights:

Design, Build, and Compete in four thrilling games: TIME OF FALL, Weight in Line, Climate CHAOS, and Battle - HANGING HAZARD.

Open to students and recent graduates within the IEEE Student Branch community.

Autumn 2024 in Malta – a perfect mix of competition and stunning views.

Key Details:

Application Deadline: 1st March

Participants must submit two robot STEM educational activities.

This championship is more than a contest; it's a platform to showcase your skills, connect with like-minded individuals, and be part of IEEE Region 8 network.

Don't miss out on this opportunity to shine on an international stage. For application details and more information, visit <https://www.ieeemalta.org/robotchampionship/>.
