- Challenges:
 - Not considering being qualified for Senior Members, more info on: [Senior Membership Requirements](#)
 - Application vs [Nomination](#) – cultural differences, we can exploit section nomination, but also work on competences of our members to change attitude towards self-application
 - Typical mistakes in describing professional experience and 5 year distinguished professional experience

- **Promotion of benefits** both to members but also for sections:
 - As a token of appreciation IEEE is offering newly elevated members one-year membership in an IEEE Society and four discount referral certificates to pass along to other prospective members.
 - Nominate a Senior Member Initiative: Nominating Sections that nominate at least five successful new Senior members will be awarded US\$10 for each Senior member approved elevation in 2024.
- **Promotion** of the status: Reference in papers authors list, Linking the SM with YP activities, Recognizing the SMs at the section and the Region 8 level, short stories for the R8 News

Dear IEEE Member,
I would like to remind you that you can become a Senior IEEE member and receive a plaque like this one if you have been in professional practice for at least ten years. For more details, visit:
<https://www.ieee.org/membership/senior/application/senior-application.html>

P.S. I got my Senior grade in 2007, 12 years later than when I deserved it. Nobody at that time told me that I can elevate my membership to the Senior Grade!
