## Nigeria Hosts the First African Student and YP Congress

By nchandler  
11 November, 2017

Nigeria takes the lead to host the first IEEE African Student and Young Professional Congress (ASYP 2017). IEEE PES Workshop on renewable energy was held in this large event. The congress was held during 8 - 10 September, 2017 at Baze University in the beautiful city of Abuja. With the full support from the IEEE Region 8 and IEEE Nigeria Section, it turned out a huge success.

# Position Statement

**It is an honors to serve the region again and using my leadership, mentoring, stakeholder management skill and being a focal point of Africa and the countries of Asia located west of Pakistan in region 8, I will:**

- **Explore the diversity of the region to bring excitement to Africa and other countries in Zone B.**
- **Collaborate with entity that will help improve activities around our region.**
- **Let the voice of Africa and other countries in Zone B be heard at the MGA**
- **Recognize excellence**
- **Work closely with the Sections Chair and Africa Council to formulate a long-time strategy for our Region.**
- **Encourage teamwork, perseverance, and transparency**
