Region Realignment – A Board Mandate

We are all alone in this Together

IEEE is realigning its geographic regions to provide a more equitable representation across its global membership (**Effective Jan 1, 2028**)

1. consolidation of the six U.S.-based regions into five, joining together current IEEE Region 1 (Northeastern U.S.) and Region 2 (Eastern U.S.) into new Region 2
2. splitting of current IEEE Region 10 into two regions-Region 10 (North Asia) & Region 11 (South Asia and the Pacific)
3. Two zones within Region 8 as
 - Zone A:** includes **Europe** and **North Africa**.
 - Zone B:** comprises the **Middle East** and **Sub-Saharan Africa**
