- Member of the IEEE Industry Engagement Committee 2023-2024

# Program

- **Promote diversity and inclusion** (Gender-women; Grade-YP; Employer Type-Industry, Academia...; Geographic area). Both in the TA committees and in the activities.
- **Promote inter-organizational collaboration**
  - ✓ Increase cooperation among all TA Committees and with the R8 MA Committees and R8 SAC. Continue cooperation in organizing special events during the R8 flagship/portfolio conferences
  - ✓ Promote multi-section events
  - ✓ Enhance collaboration with Technical Activities committees in other Regions and promote multi-region agreements.
  - ✓ Increase cooperation with TAB and IEEE Societies, promote cross-cultural exchange, joint conferences and events
- **Increase industry involvement in R8 TA**
  - ✓ strengthening existing programs and exploring new models (i.e. international agreements and MoU with big trade Shows, leverage on RTSI and other flagship conferences, cooperate with IEEE IEC)
