## Important notes

- ▶ **Plagiarism/Similarity Check:** All submitted papers, including both initial and final versions, must undergo a plagiarism check using [CrossCheck](#).
- ▶ **Registration Fees:** Include a discount of at least 10% for IEEE members on conference registration fees.
- ▶ **Submission Deadlines:** Submit conference applications at least 10 months in advance. Late submissions are unlikely to be approved.
- ▶ **Committee Training:** All conference committee members must complete the online training courses provided.
- ▶ **Date Coordination:** Ensure conference dates do not conflict with other IEEE Region 8 conferences in related fields.
- ▶ **Application Requirements:** The conference application should include contact information for all conference chairs, technical chairs, publication chair, and the treasurer. Incomplete applications will be returned without processing.
- ▶ **Revisions and Approvals:** Any changes to the approved budget, deadlines, program, etc., must be re-approved by the conference coordination committee.

## Important notes

- ▶ **Website Information:** List the IEEE affiliation grade and volunteer position in sponsoring IEEE OUs on the conference website (e.g., IEEE Chapter chair, IEEE Section vice-chair).
- ▶ **Involvement Reporting:** Report the substantial involvement of all IEEE FCS/TCS OUs in the application form.
- ▶ **Paper Management:** Use a professional tool/platform for paper management (e.g., EDAS, EasyChair, OpenConf).
- ▶ **Non-FCS Conference Fees:** If the conference is not FCS by an IEEE OU, include the required IEEE fees for TCS conferences in the conference budget.

Policy Exceptions: MGA will continue to cover these fees if the external financial sponsor has a National Society Agreement or Sister Society Agreement with IEEE.

# Multi-Regional Conferences

- ▶ R8 Portfolio conference category
- ▶ Cooperation among two or more regions
- ▶ A MoU must be signed with specific financial and organizational agreements
- ▶ The conference will tour around the regions
- ▶ Conferences with an inter-disciplinary and specific purpose

# IHTC - International Humanitarian Technologies Conference

It is a Multi-Regional Conference Series rotating between R7 (Canada), R8 (Africa, Europe, and Middle East), and R9 (Latin America and Caribbean).

This inter-disciplinary conference series focuses on showcasing challenges, success stories, lessons learned, case studies, and technological innovation related to achieving the UN Sustainable Development Goals (SDGs), ICT4D (ICT for Development, bridging the digital divide), and the application of Humanitarian Technologies (including Disaster Relief and Disaster Recovery) and facilitating engagement by stakeholders from the public, private, education and research and societal sectors around the world.

Politecnico di Bari, Bari, Italy
