Main Goals 2024

1. Timely review of the financial and technical co-sponsorship (TCS/FCS) requests
2. Ensure success of the R8 flagship conferences: call for bids, support, oversight
3. Ensure success of IEEE conferences TCS/FCS by the R8
4. Increase the R8 visibility through conferences
5. Support the sections' conference coordinators
6. Ensure good relationship with MGA, MCE, and other regional conference coordinators
7. Industry focused events and conferences
8. New initiatives

Objective

The main purpose of this workshop is to provide information and guidance to develop a successful IEEE conference with a special focus on how to engage industries.

This workshop is part of a training program that IEEE R8 Conference Coordination Committee (<https://ieeer8.org/conference-coordination/>) is organizing in cooperation with IEEE MCE (<https://ieeemce.org/>) to support IEEE R8 Section chairs, Section Conference Coordinators, Chapter Chairs and other IEEE R8 Conference Leaders.

Run an IEEE conference is a great experience that can help all professionals in the field of technology and engineering, both IEEE and non-IEEE members, to build skills, enhance credibility and esteem, increase collaboration opportunities and disseminate knowledge and experiences.

Recommendations

- Appoint Section's Conference Coordinator (for Section chairs)
- Increase your involvement in the IEEE Society conferences organized in your country (for Section and Chapters – be involved as TCS or FCS)
- In your TCS/FCS conferences, always plan to organize one or more of these events:
 - IEEE Booth
 - Industry oriented workshop
 - Standards workshop
 - Entrepreneurship Workshop
 - Humanitarian workshop
 - Professional and Education Activities
 - WIE and S&YP events and competitions
 - Student Paper Contest
