# R8 YP Goals and KPIs

## Goals for 2025

- **Boost Member Involvement & Retention:** Deliver impactful programs, resources, and networking opportunities to deepen engagement and enhance retention of YP members.
- **Enhance Regional YP Leadership Training:** Support YP leaders through structured leadership development programs and training initiatives.
- **Promote Humanitarian & Sustainability Engagement:** Empower YPs to contribute to impactful initiatives through IEEE HTB and the Climate & Sustainability Task Force (CSTF).
- **Strengthen Collaboration with IEEE OU:** Build strategic partnerships with IEEE R8 teams, societies, and HTB to deliver meaningful joint initiatives.

## KPIs for 2025

- Increase YP AG event reporting on vTools by 30%.
- Launch 2–3 member-exclusive programs (e.g., mentorship, leadership, or technical training) to boost active participation by 25% vs. 2024.
- Conduct 1 IEEE R8 YP Chairs Training Program and at least 3 leadership development webinars/workshops.
- Host at least 1 dedicated event focused on humanitarian technology and sustainability.
- Forge at least 2 strategic partnerships with IEEE R8 teams, societies, or IEEE HTB.

# Vitality Email for R8 YP Affinity Groups [Status and Opportunities]

## IEEE YP: Your Region YP AG Vitality Status for 2024 (Reported Events)

Dear Chair of Benelux Section Affinity Group, YP - Martijn Dendooven,

Greetings from the 2025 IEEE R8 Young Professionals Committee!

My name is Mohamed Saeed Darweesh, and I have the pleasure of being the Region Coordinator for R8 on the IEEE Young Professionals Committee for 2025.

We would like to share important information with you as the Young Professionals Affinity Group(AG) Chair. There will be a series of emails coming through to assist in your role, please go through them carefully and let us know if you have any questions.

IMPORTANT Information about your Affinity Group:

- Events reported in 2024 was 0

If you recorded less than 2 events, please finish your event reporting for last year BEFORE March 1st using <https://events.vtools.ieee.org/>

Failure to report before March 1 will result in not receiving a rebate this year, and your AG might go into probation.

- Events reported in 2023 was 3

You should have received a rebate of \$220.00 (USD) last year

If you were entitled to a rebate, check with your Section Treasurer.

Finally -

Don't forget to apply for funding for your events-the funding portal is open!

You can start applying for funding via YP Event Funding via this link:

<https://yp.ieee.org/volunteers/event-funding/>

## Email #1

## Essential Tools and Funding for the Egypt Section Affinity Group,YP

Dear Moataz Alaa Hassan,

I'm following up on my previous email with more information to help you and your team with working with your YP Affinity Group and to support your Affinity Group's activities and initiatives.

These resources include:

•**Download "Why IEEE - Communication Bundle for Young Professionals/ Students"** from <https://bit.ly/3Rlogg6>. These packages provide marketing materials to deliver a high quality and consistent look, feel, and message about the value of IEEE membership. Use these materials to excite both current and prospective student/YP members and volunteers!

•**Order YP Branded Materials:** Each YP AG can request YP-branded materials for their events (Limited to 200 items per 6-month period). Please select one officer in your AG to access materials at <https://bit.ly/41W2xQE>. For first-time orders, please contact Robert Sacks ([r.sacks@ieee.org](mailto:r.sacks@ieee.org)) for initial setup.

•**YP funding opportunities for 2025:**The funding portal has reopened for 2025. You can start applying for funding via YP Event Funding through this link: <https://bit.ly/45LSBuM>.

•**IEEE Mentoring-Meet** aims to foster meaningful mentorship opportunities for IEEE members worldwide. You can apply via this link: <https://bit.ly/2025YPMM>.

We encourage you to fully use these resources to strengthen your AG's presence and activities. If you need guidance on accessing these opportunities or have any questions, feel free to contact [yp@ieee.org](mailto:yp@ieee.org).

Thank you for your dedication to the Young Professional members in the Egypt Section!

Best Regards,  
Mohamed Saeed Darweesh

## Email #2

In collaboration with MGA YP Staff

- Email 1: Sent to all YP AG Chairs, with Section Chairs in copy, to establish direct contact
- Email 2: Sent to YP AG Executive Committees and Section Chairs outlining available YP programs and opportunities
- Email 3: Upcoming message to YP AG Chairs regarding chair term status and leadership continuity
- All communications have been or will be distributed across all IEEE Regions

## R8 YP Humanitarian Track

### Adding the YP Humanitarian Track

The YP Humanitarian Track is a new initiative designed to integrate Young Professionals into impactful humanitarian programs. It empowers YPs to apply their technical skills to address real-world global challenges—potentially through hackathons, competitions, or collaborative projects.

### This track supports:

- Social impact through technology
- Professional development of YPs
- Advancement of IEEE's humanitarian mission

**Track Coordinators:** Moataz Alaa, Saeed Darweesh

**Timeline:** Q2–Q3 2025

**Key Performance Indicators (KPIs):** 1, 4, and 5

# 2025 New R8 YP Initiatives

## R8 YP Humanitarian Track

### Strengthening the R8 YP Partnership with IEEE HTB

Following a strategic meeting with the IEEE YP representative in the Humanitarian Technologies Board (HTB) several collaborative actions have been initiated:

- **XSYP Funding Alignment:** A concept note was developed to align **R8 xSYP events** with IEEE HTB objectives and to secure funding—building on the successful model from 2023.
- **Funding Proposal Submitted:** A proposal has been submitted to **IEEE HTB** requesting up to **USD \$10,000** for each **xSYP** in 2025.
- **Training Collaboration:** A concept note was created for a joint **training program** between R8 YP and HTB focused on **writing effective funding proposals**.
- **Capacity Building Series:** A series of training sessions is being prepared in partnership with HTB to support event and project development.
- **Strategic Partnership with CSTF:** A concept note is under development for a **collaboration between R8 YP, CSTF, and HTB**, led by **Cybele Ghanem**, co-lead of CSTF.

# 2025 New R8 YP Initiatives

R8 YP Humanitarian Innovation Hub Series

## Series Objectives

- Educate IEEE Region 8 members about **IEEE HTB, its mission, and available opportunities.**
- Provide a guide on **funding opportunities** and explain the process of applying for IEEE HTB funding to support humanitarian technology initiatives.
- Empower attendees with the knowledge and tools to lead **impactful humanitarian projects.**
- Encourage volunteers to **initiate and participate** in humanitarian technology projects.
- Inspire participants to leverage technology for social impact through **entrepreneurship in humanitarian projects.**
- Promote entrepreneurship in humanitarian technology to **create sustainable solutions.**
- Strengthen collaboration between **IEEE R8 YP, IEEE R8 HTAC, and HTB for long-term impact.**

# 2025 New R8 YP Initiatives

R8 YP Humanitarian Innovation Hub Series

## Series Structure

- Duration: 4 weeks (Virtual Sessions on a weekly basis), will start on May 2025.
- Target Audience: all Region 8 members (students and YP). Some sessions will be for all IEEE regions.

## R8 YP YP/LM Collaboration

- **R8 YP/LM Collaboration:** With R8 LM committee, we are planning to organize a Life Members (LM) Mentoring Session for students and young professionals within the cross-sectional SYPs or R8 flagship conferences. These proposed sessions aim to connect experienced Life Members with emerging engineers, researchers, and young professionals, fostering knowledge transfer, professional growth, and intergenerational networking within IEEE.
- Our first collaboration will be in 2025 IEEE PES/IAS PowerAfrica Conference, Cairo, Egypt, September 28 to October 2, 2025.
- **Collaboration Coordinator:** Saeed Darweesh
- **Expected Dates:** Q3 and Q4
- **KPIs:** 2 and 5

# 2025 New R8 YP Initiatives

## R8 YP Entrepreneurship Track

- **Adding YP Entrepreneurship Track:** With R8 Entr. Committee and MGA Entr. Committee, the YP Entrepreneurship Track equips Young Professionals with essential skills and resources to foster innovation and launch successful ventures/startups. Through workshops, mentorship, and networking opportunities, it encourages entrepreneurial thinking, collaboration, and leadership. This track will empower YPs to transform ideas into impactful solutions, advancing their careers and contributing to technological progress.

# 2025 New R8 YP Initiatives

## R8 YP YP/WiE Collaboration

- **R8 YP/WiE Collaboration:** With R8 WiE committee, we are planning to:
  - WIE/YP Success Stories & Hidden Figures Collaboration: Host renowned women leaders (who are also YP members) to discuss how women’s contributions are primordial to shaping the engineering world.
  - Participate in promoting WIE ILS events and hosting a YP meetup there.
- **Collaboration Coordinator:** Iria Saridaki and Cybele Ghanem
- **Expected Dates:** Q2, Q3, and Q4
- **KPIs:** 2 and 5

# 2025 New R8 YP Initiatives

## R8 YP Podcast (R8 YPodcast)

- The IEEE R8 YP Podcast (YPodcast) will serve as a dynamic platform to engage, inspire, and connect IEEE YP members across the region. The podcast will feature insightful discussions with industry experts, IEEE leaders, and young professionals on topics such as career development, leadership, emerging technologies, entrepreneurship, and humanitarian initiatives. It aims to provide valuable knowledge, share success stories, and promote IEEE YP activities in an accessible and engaging format.
- Key Performance Indicators (KPIs):
  - **Podcast Reach & Engagement:** Release at least 6 episodes in 2025
  - **Guest & Content Diversity:** Feature at least 6 guest speakers from different IEEE Societies, industries, and leadership to cover various technical, professional development, and IEEE-related topics.
  - **Audience Growth & Interaction:** Encourage audience engagement through Q&A sessions and feedback polls after each episode.
- **YPodcast Coordinators:** Moataz Alaa and Saeed Darweesh
- **Expected Dates:** Q2 to Q4

- Research and engineering for sustainable solutions in environment and industry.
- University Lecturer, dedicated to supporting the growth of aspiring engineers and researchers.
- IEEE active member, Chair of R8 IEEE Women in Engineering, Chair of IEEE Young Professionals France, and an active member of the R8 IEEE Computer Society Chapter, driving innovation, diversity, and inclusion in STEM.

- 2. IEEE R8 WIE Overview***
- 3. Opportunities for Sections***
- 4. Call to Action***
- 5. Closing and Next Steps***

# Why WIE Matters: Closing the STEM Gender Gap

## Why?

Because **diversity fuels innovation**, and the gender gap in STEM limits perspectives, creativity, and progress.

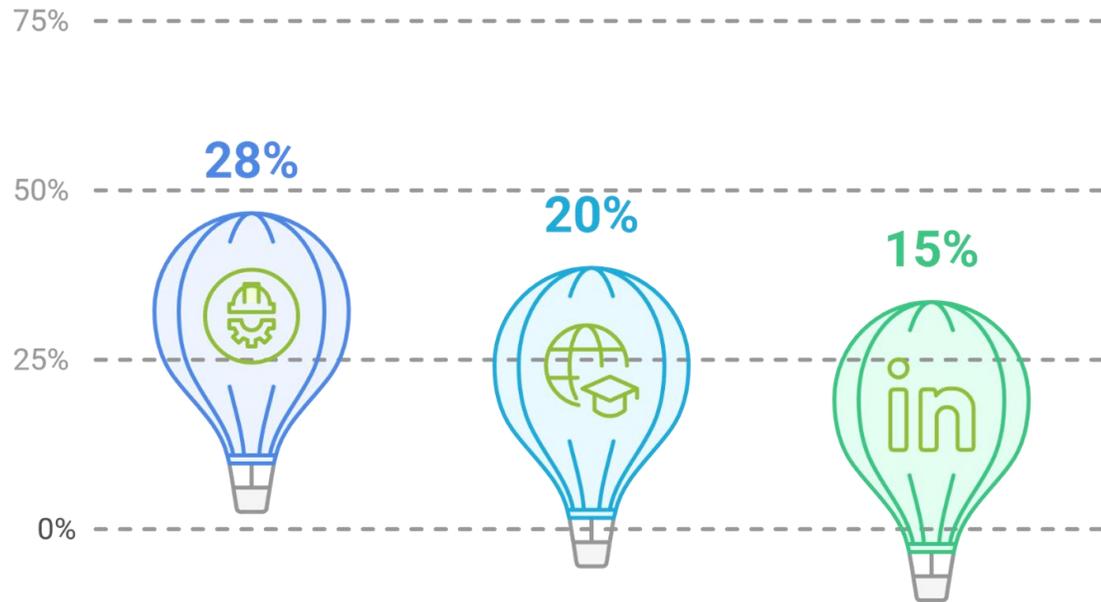

## How?

By building a **global community** where women and men share the responsibility of empowering, mentoring, and creating opportunities, **bridging the gap and opening doors for future generations**

## What?

We run tailored **programs** that foster career growth, leadership, advocacy, and success stories, **driving change for a more inclusive and innovative future**

# Why WIE Matters: The Gender Gap in STEM

## Global STEM Workforce

Female representation in global STEM fields

## Engineering Graduates

Female engineering graduates in various countries

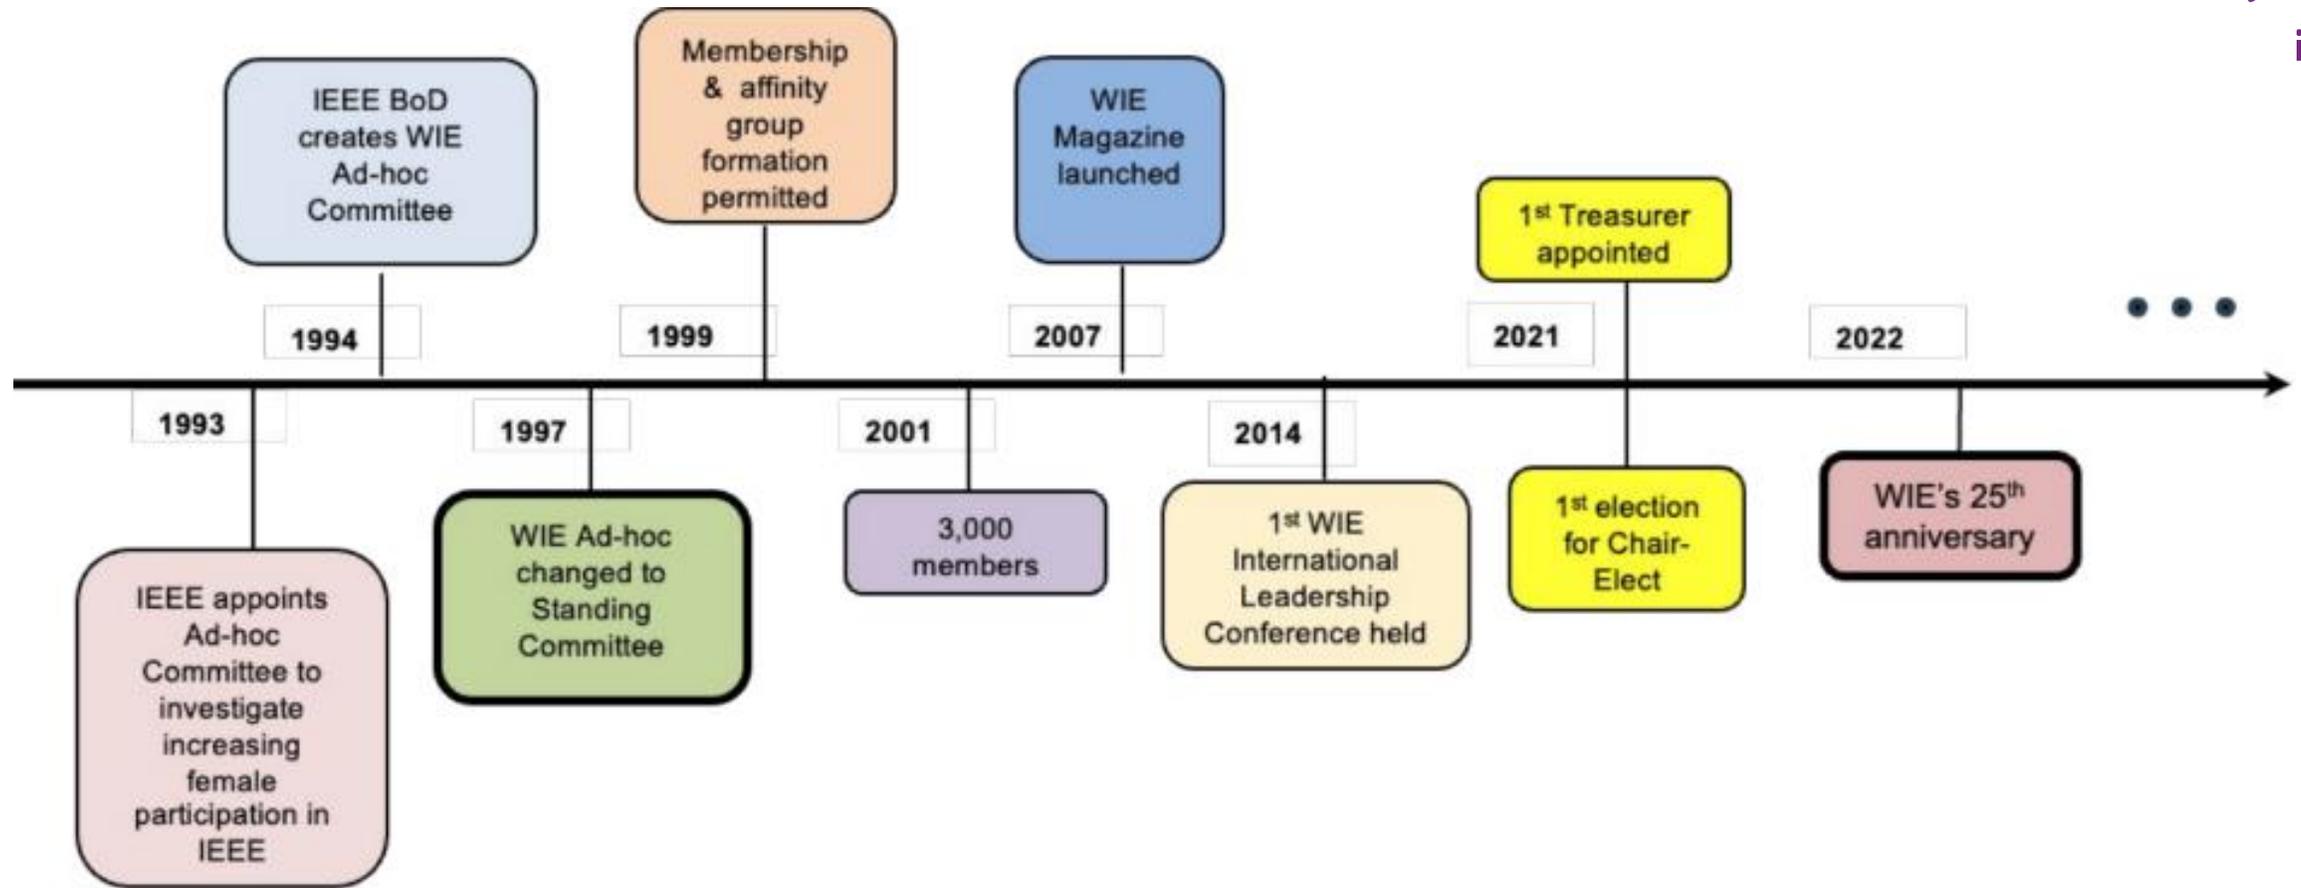

## Company Performance

Impact of gender diversity on company performance

- **Only 28%** of the global STEM workforce is female, UNESCO\*
- Women represent **less than 20%** of engineering graduates in many countries, UNESCO\*
- Companies with gender-diverse teams are **15% more likely** to outperform their peers , McKinsey

## WIE Virtual Meeting – April 26th

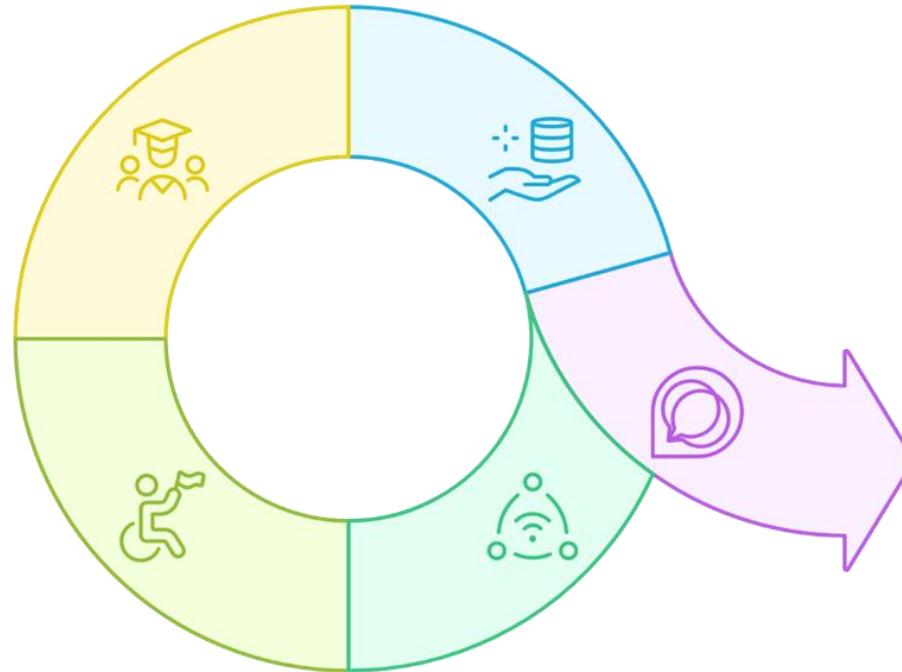

All WIE Section Committee members are invited. Please ensure your **WIE Affinity Groups' representative**, or **potential members** willing to create an Affinity Group, **participate**.

No WIE Affinity Group in your section or any of your student branches? Invite interested members to start one.

- Reach out to us **BEFORE** sending the petition for assistance!
- Petition **REJECTED?** Reach out to us!

**Make sure your section is represented in WIE activities**

# Call To Action: What You Can Do Today

1

## Strengthen WIE Groups

Establish or reinforce WIE groups in sections or branches.

2

## Integrate Diversity in Events

Ensure diversity and inclusion are central to major events.

3

## Encourage Student Participation

Motivate IEEE student members to join WIE for free.

4

## Leverage Funding and Resources

Utilize WIE funding and resources effectively.

5

## Host Inclusive Events

Lead Technical/Non-Technical WIE Events: Organize Panels, Workshops and Roundtables.

# What is Humanitarian Technology at IEEE?

We are IEEE's **Tech for Social Impact** Hub

IEEE Humanitarian Technologies is a consortium of current and new programs and initiatives - supported by a global network of volunteers and technical professionals - working together to apply technology to solve the world's most pressing problems.

# IEEE Humanitarian Technologies

- IEEE HT provides the resources, partnerships, and tools for developing and deploying innovative solutions to advance sustainable development goals globally - while achieving social and environmental impact locally.
- HT brings together the right partners within IEEE entities such as Regions, Technical Societies, Standards, and Educational Activities to leverage the engineering expertise for the good of humanity.

# IEEE REACH

**Description:** To preserve the history of IEEE technologies and to advocate and build STEM capacity across the world.

**Mission:** provide teachers and students with educational resources that explore the relationship between technology and engineering history and the complex relationships they have with society, politics, economics, and culture.

**Opportunities:** IEEE volunteers can help by disseminating the educational content.

[reach.ieee.org](https://reach.ieee.org)

# IEEE Smart Village

**Description:** To fund solutions that integrate sustainable electricity, education, and entrepreneurship to empower disadvantaged communities.

**Mission:** IEEE Smart Village integrates sustainable electricity, education, and entrepreneurial solutions to empower off-grid communities.

**Opportunities:** IEEE volunteers can apply for funding to scale their solutions. Volunteers also contribute to regional working groups to review applications and mentor projects.

# EPICS in IEEE

**EPICS**<sup>IN</sup>**IEEE**  
Engineering Projects In Community Service

**Description:** To support student-led humanitarian technology projects.

**Mission:** Empower university students to work along with technical professionals and communities around the world to enhance their practical engineering skills and knowledge through service-learning experiences.

**Opportunities:** University-level student teams design and implement impactful projects for communities around the world. IEEE volunteers review applications, provide feedback, and mentor teams.

[epics.ieee.org](https://epics.ieee.org)

## IEEE SIGHT

**Description:** A global community of engineers and technologists interested in contributing to sustainable development in their community.

**Mission:** To foster a global network of IEEE volunteers dedicated to improving their communities by leveraging technology.

**Opportunities:** IEEE members can join SIGHT Groups to participate in impactful projects locally, expand their professional network, and learn best practices for humanitarian technology implementation.

[sight.ieee.org](http://sight.ieee.org)

# IEEE Tech4Good

**Description:** Funding opportunities to support grassroots technological projects, led by IEEE members, that address local challenges related to sustainable development.

**Mission:** Create new opportunities to partner and leverage the strength of the IEEE network and expertise to solve global challenges and foster technology for social good.

**Opportunities:** IEEE members can apply for Tech4Good funding to implement a project that addresses a challenge in the local communities where they live. The starting point is always the needs of the community determined together with local organizations and leaders. Teams ensure that their solution contributes to one of the UN Sustainable Development Goals.

# IEEE SIGHT Support and Workshops Program

The **IEEE SIGHT Support and Workshops Program** aims to empower SIGHT groups through tailored mentorship, leadership development, and structured monitoring.

We launched a **mentorship application** call during the Spring R8 Meeting, followed by the start of the official monitoring period.

Initial results and engagement will be shared by summer, with outcomes reported during the autumn committee meeting.

Throughout the year, we will **provide targeted resources** and support to help SIGHT groups strengthen their projects, leadership, and community impact.

We will also deliver a **series of coordination and leadership workshops** throughout the year at major IEEE events, aiming for at least four workshops in 2025.

# 2025 Plans - Entrepreneurship Week, Pitch & Events

## Entrepreneurship Week 2025 & Pitch Competition

### Entrepreneurship Week

- 31 events, across 17 sections signed up to Entrepreneurship Week
- Event and top startup reporting currently in progress- deadline by end of April 14.
- **Next steps:** Review event reports and select best Entrepreneurship Week Events and Ambassadors.

### Pitch Competition 2025

- Startup reporting currently in progress – deadline by end by April 14.
- April 14 to May 4th: Offline quarterfinals and reviews to select top 10 semi-finalist startups.
- May 19th: Online semi-finals.
- October: In person pitch Final at GITEX Global 2025.

If your section did not host an Entrepreneurship Week this season, IEEE startups in your section can still apply for the R8 Pitch competition 2025 by April 14th

## History Activities

Martin Bastiaans

Budapest, April 2025

## Region 8 History Activities – Team

- **Martin Bastiaans**, History Activities Coordinator (2021–25)
- **Tony Davies**, Past History Activities Coordinator (2013–20)
- **Antonio Savini**, current IEEE History Committee member (2022–25)
- **Evgen Pichkalyov**, past IEEE History Committee member (2022–23)
- **Mathini Sellathurai**, current IEEE History Committee member (2024-25)
- **Sergei Prokhorov**, current IEEE History Committee member (2022–25)

# Mission and Statement of authority

## Mission

To stimulate in the Region's subunits the **awareness and importance of history**, the **proper documentation of their history**, and the **organization of history-related activities**.

## Statement of authority

1. Document the **Region's history** and make the documentation publicly available on the Region's website and through the [Engineering and Technology History Wiki](#).
2. Support the **Region's subunits** in properly documenting their **history**.
3. Support the **Region's subunits** in their **history-related activities** — such as (but not limited to) preparation of [IEEE Milestones](#), arranging of [Oral Histories](#), and organization of history-related meetings and conferences — and assist in establishing necessary **contacts with relevant IEEE organizational units**.
4. Maintain a strong relation with the IEEE History Committee and the [IEEE History Center](#).

# Contact and sources of information

- We can be contacted at [history@ieeer8.org](mailto:history@ieeer8.org) (but put [m.j.bastiaans@ieee.org](mailto:m.j.bastiaans@ieee.org) in CC).
- The coordinator maintains **two webpages** on the R8 website: [History Activities](#) and [History](#).
- The R8 [History Activities](#) webpage is updated on a regular basis. Visit the page to see the latest news about **recent, ongoing, and future history activities** in Region 8.
- The Region 8 [History](#) webpage and the [Region 8 history book](#) are updated when new information becomes available. This webpage and the history book are also great **sources of information and inspiration for Sections' histories**.

## Region 8 history book - [A short history of IRE Region 9 / IEEE Region 8](#)

- This book is a living document and is updated whenever new material becomes available. Feel free to send any **comments** and **suggestions** for additions to [m.j.bastiaans@ieee.org](mailto:m.j.bastiaans@ieee.org).

# More on preserving our history

## Documenting Section history at the [Engineering and Technology History Wiki](#)

- Sections are advised to appoint a **History Coordinator**. Please inform us about the person in your Section who acts as the History Coordinator.
- Sections are strongly advised to **document** their [history](#) at the ETHW website. A **template** can be found here: [https://ethw.org/ETHW:Sample IEEE OU Page](https://ethw.org/ETHW:Sample_IEEE_OU_Page).
- Sections are also advised to look for scientists and engineers who achieved important scientific or technical results that – although not qualified for a Milestone – may deserve a broader attention by publication at the ETHW website.

## Possible sources for Sections' histories

- The **minutes** of almost all Region 8 Committee meetings are now available as pdf: [1962-1970](#), [1971-1983](#), [1984-1993](#), [1994-2009](#), and [2010-2022](#).
- [Scanned versions](#) of all **Region 8 News issues** are available and an **index** to news of each Section is provided for easy reference.

# More on IEEE Milestones

## IEEE Milestones

- Sections are advised to **propose Milestones** for significant achievements that took place in their Section. Use your **History Coordinator** and **Life Members Affinity Group**.
- An additional sign placed in the vicinity of the official Milestone plaque, with a **QR code** leading to a link with a description of the Milestone, may draw more attention to the Milestone and provides an easy way to more specific information about it.
- The total number of dedicated [Milestones in Region 8 \(.xlsx\)](#) is currently **64**, with plaques located in 18 Sections: UK and Ireland (**21**); Italy (**9**); France (**7-**); Germany (**6**); Benelux (**4**); Israel, Poland, Russia (Northwest), Spain (**2**), Switzerland (**2+**); Croatia, Denmark, Hungary, North Macedonia, Norway, Serbia and Montenegro, South Africa, Sweden, and Ukraine (**1**). In addition to the actual Milestones, there are **2** Special Citations: one in Serbia and Montenegro (Belgrade) and one in Germany (Paderborn).

# News since the previous Region 8 Committee meeting – 1

## Recently approved Milestones

- **Frankfurt**, Germany, and **Szczecin, Zielona Góra**, Poland, [\*Long distance electric power transmission using three-phase alternating current\*](#), 1989-1912; approved 23 June 2024

# Status of R8 LMs and LMAGs

## LMs count and LMAGs

As of April 4, 2025, there are:

- ▶ R8 LM: 3416 out of a total of 8951 LMs (38.16%).
- ▶ 33 LMAGs (3 of them multisection)

LMAG in Individual Sections: 30			Multisection: 3	
Austria: 44	Hungary: 28	Romania: 44	<b>Baltic</b>	Estonia: 4
Benelux: 255	Iran: 11	Russia (North West): 12		Latvia: 5
Bulgaria: 8	Israel: 167	Russia: 16		Lithuania: 3
Croatia: 21	Italy: 274	Serbia & Montenegro: 22	<b>Gulf</b>	Bahrain: 3
Cyprus: 8	Jordan: 6	Slovenia: 18		Oman
Czechoslovakia: 28	Lebanon: 8	Spain: 151		Qatar: 4
Egypt: 49	North Macedonia: 9	Sweden: 145	<b>Africa Council</b>	
France: 180	Norway: 61	Switzerland: 300	10 Sections	45
Germany: 432	Poland: 64	Turkiye: 33	7 Subsect	2
Greece: 74	Portugal: 63	UK & Ireland: 606		

# Status of R8 LMs and LMAGs (cont.)

## *LMs count and LMAG*

- There are 2 Sections with potential to start a LMAG: Denmark (49 LMs), Finland (61 LMs).
- Besides 5 LMs in countries outside R8 Sections, there are 9 more Sections with no LMAG because there are very few (or none) LMs or for other reasons:
  - Belarus
  - Bosnia Herzegovina: 3 LMs
  - Iceland: 6 LMs
  - Iraq
  - Malta: 4 LMs,
  - Russia (Siberia): 1 LM
  - Saudi Arabia: 8 LMs
  - Ukraine: 17 LMs
  - Western Saudi Arabia: 5 LMs

# Goals for 2025

- Help to form the LMAGs of Denmark and Finland, with the help of the Sweden and Norway LMAGs Chairs. Once these LMAGS are formed nearly 99% of all R8 LMs will be associated to a R8 LMAG.
- Monitor the vitality of the Africa Council LMAG, the Baltic LMAG and the Gulf LMAG, because of the reduced numbers of members and the dispersion in the relatively large geographic area they cover.
- There are several initiatives for 2025:
  - Run events focusing in Monitoring in conjunction with the IEEE Region 8 Committee meeting, the hosting Section, the local LMAG, other local AGs (YP, WIE) and students from the local Universities, and with Technical Societies.
    - Started as a pilot event in Budapest, Hungary, April 4, 2025, with Hungary Section, Obuda University and the Industry Applications Society. Feedback is expected.
    - Next mentoring event will be with SPS
  - Similar events will be proposed in conjunction with other R8 Conferences and events.
  - Organize a meeting of R8 LMAGs Chairs in conjunction with HISTELCON, in Bonn, Germany, 30 September-2 October 2025. The scope is to bring as many Chairs as possible (16?) and provide training on how to run the LMAG including the organization of activities.

# Some Plans

- Thanks are due to Péter Magyar for the extraordinary effort in establishing LM Ags all over the Region. Went from 13/14 to the actual count.
- For 2025 the committee needs to focus on activities.
- Some plans are the following:
  - Péter Magyar is organizing an event entitled: Promotion R8 Affinity Group Members, which consists of an Introduction to the IA Society LMAG Mentoring and LMC Global Mentoring Initiative Programs. The event will be held in conjunction with the 124<sup>th</sup> IEEE R8 Committee meeting in Budapest, Hungary, on April 4-6, 2025. R8 Committee members, students and YPs of the local Universities and AGs have been invited.
  - It will be good to have a mentoring event in conjunction with each R8 Committee meeting. For the next one we will try to do it with the SP Society.
  - Organize the R8 LMAG Chairs meeting in conjunction with HISTELCON 2025, Bonn, Germany, September 30-October 2, 2025. Need to work out the budget (in 2023 it was 9804 € for 7 Chairs, in 2024 it was 7295 € for 5 Chairs). Will try to bring together a larger group.

# Additional Plans

- Stimulate activities similar to the previously mentioned mentoring events in conjunction with other R8 flagship conferences or events.
