Betreff: Africa Council LMAG _ Opportunity for activity at AFRICON

To:
Michael Omoigui, Africa Council LMAG Chair
Isaac Adekanye, Africa Council Chair
Cc:
Habib M. Kammoun, R8 VC MA

Dear Michael and Isaac,

FYI, I am serving now as an past LM Coordinator. This is the reason I observe activity possibilities and activity demand.

Your LMAG should demonstrate some activity and report it in Vtools_events, too.

I am sure you recognized the conference AFRICON already. AFRICON is one of the R8 flagship conferences and there is a huge opportunity to invite the attending LMAGs and/or organize mentoring event. You are "sitting closer to the fire", so you may have better ideas how to gain the LM activity in the Africa Council.

You may find more information in the conference website

- December 10 – 12, 2025, [17th IEEE R8 AFRICON](#), Polokwane, South Africa

Please contact me if you need more assistance.

Best regards

Peter
