- R8 Outside Sections B
- Western Saudi Arabia Section

Cc (BCC List):

Dusanka Boskovic, R8 Director

Habib Kammoun, R8 Vice Chair Member Activities

Teófilo Jaime Ramos González, IEEE Life Members Committee Chair

Dear Life Member Colleagues,

I am pleased to connect you in following issue.

FYI, 98% of the Member, Senior and Fellow grade Life-grade Members (LM) in Region 8 are connected to Life Member Affinity Groups (LMAG). The criteria of forming an LMAG is existing <at least six (6) LMs> AND <an existing and active Section>. Since the formation criteria is not fulfilled in your Section, you cannot form an LMAG.

The R8 Member Activities Team and the R8 LM Committee would be pleased if you would be connected the LM activity. There are following opportunities.

- Forming a Joint LMAG with existing LMAG.
 - o The formation needs a petition. For details, please visit <https://mga.ieee.org/volunteer-hub/geographic-unit-operations/formations-and-petitions> >>>> Petition to Change the Status of an Existing Section Affinity Group
 - o You may find a list and contact addresses in the R8 LM website, <https://ieeer8.org/category/life-members/> >>>> IEEE Region 8 Life Member Affinity Groups (LMAGs)
 - o The petition should be submitted by the existing LMAG Chair by requesting to add your Section / LM membership to the existing LMAG.
- Forming a Life Members Special Interest Group (LMSiG)
 - o For details, please visit <https://www.ieee.org/affinity-groups.html> and <https://life.ieee.org/get-involved/special-interest-groups/>
 - o A registered LMIG can be formed by less than six LMs
- Visit online events of LMAGs according to the individual interest.
 - o Some events are advertised in <https://ieeer8.org/category/life-members/> >>>>R8 LMAG Activities Calendar 2025/26

Please do not hesitate if you need more information or assistance e.g. for identify LMs in your Section.

Best regards

Peter Magyar
