Rixos Premium Dubrovnik is approximately 23 km (14.3 miles) or 30 minutes by car from Dubrovnik Airport (DBV).

1. Taxi

Dubrovnik is a city with many exclusive possibilities. There are also taxi drivers believing to fit this category and they may charge their services significantly above the average price of regular taxi services and often without possibility of credit cards, especially offering such services to foreign visitors.

Important note: Participants are therefore kindly advised not to use airport taxis. Instead, it is strongly recommended to use Uber or Bolt, which are reliable, safe, and usually much more affordable options for reaching the hotel. **Expected price for UberX is ~30-50 EUR.**

2. Recommended option – Uber/Bolt, preferably shared with other IEEE guests

Ride-sharing services provide an alternative to traditional taxis, offering convenience through mobile applications.

- Uber: Uber is available for pickup services at Dubrovnik Airport (DBV). Travelers can request a ride directly through the Uber app, with the official pickup location at Dubrovnik Airport to the left of the taxi rank at Terminal B. When you arrive, open your Uber app and follow the in-app directions to guide you to the designated pickup zone. The cost of trip depends on several factors, including the chosen ride type and the current demand for rides. **Price to Rixos hotel in regular conditions is ~30 EUR.**

- Bolt: Bolt offers similar pricing and conditions as Uber and the choice between the two is up to your preference as both are the recommend way of travelling. Drivers will use both apps.

- Should you need more personalized approach, most of the Uber / Bolt drivers can be asked for contact for specialized or tailored driving services. Lot of them have contracts with hotels or tourist agencies, they accept pre-scheduled airport transfers and wait at the arrivals (for those who do not use Bolt/Uber). One example is Aleksandar private driver +385 99 375 8668 (WhatsApp) offering airport transfers, daily trips and private tours.

3. Airport bus

An official airport shuttle bus transports people between Dubrovnik's main bus station and the airport. The journey time is about 25-30 minutes. It is a convenient and affordable way of transport to and from Dubrovnik airport.

The bus leaves the airport 30 minutes after every flight. The bus arrives in Dubrovnik at the [main bus station](#) in Gruž. From here, some buses cover most of the city. The shuttle bus timetable for departures from Dubrovnik main station to the airport and information on tickets and prices are available [here](#). From the main bus station you can take [bus number 7 KANTAFIG - BABIN KUK](#).

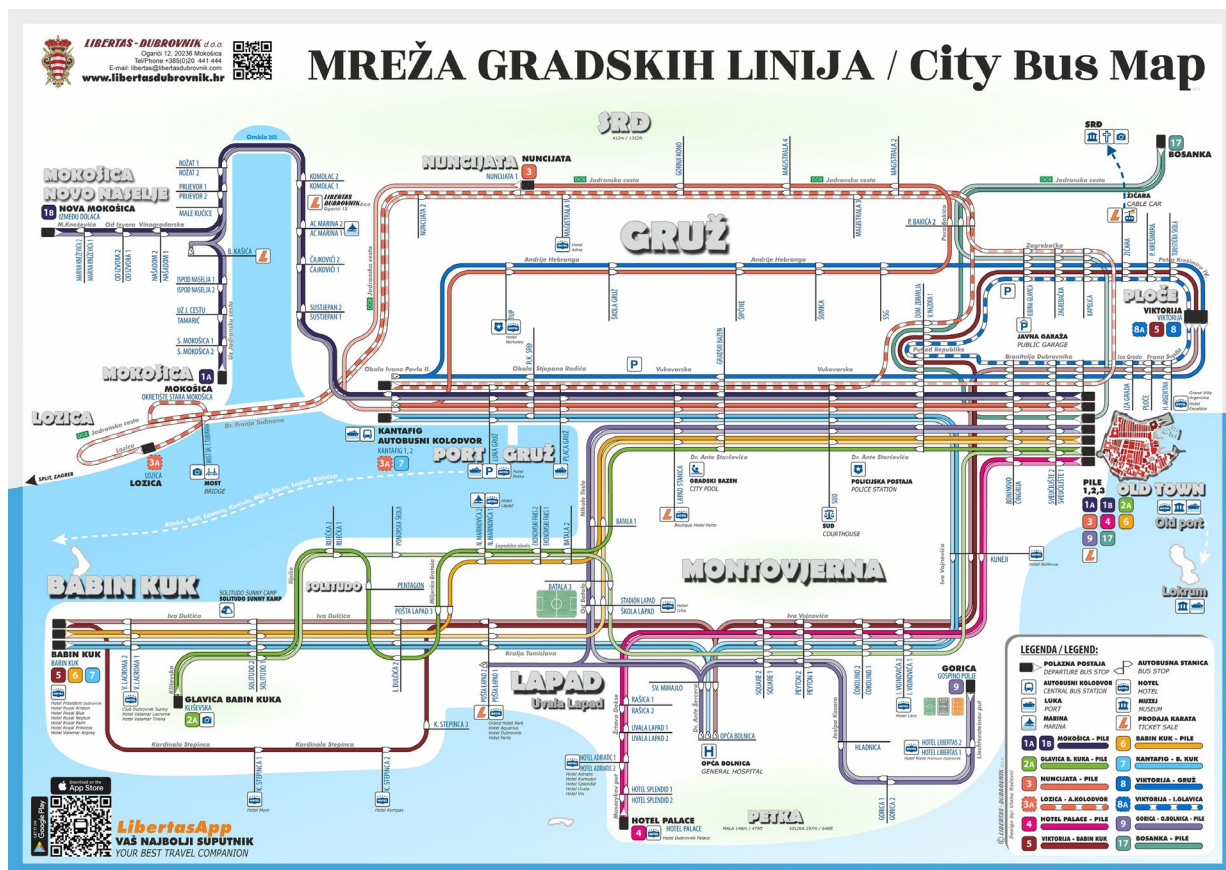

4. Private shuttle/hotel transfer

Many hotels offer private airport shuttle services, and these can be arranged in advance. Check with your hotel for availability and pricing: <https://www.rixos.com/hr/hotel-resort/rixos-premium-dubrovnik>
