

IEEE Histelcon 2027

26–29 October 2027

«Celebrating Alessandro Volta 200»

IEEE History of Electrotechnology Conference

Why Histelcon in Como?

- Birthplace of Alessandro Volta
- Anniversary celebrating Volta's scientific legacy
- IEEE Milestone commemorating Volta's contributions
- Compact historic city ideal for networking
- Outstanding international destination on Lake Como

Como Venue

Nestled between **Lake Como and the Alps**, Como is one of Italy's most attractive historic cities and an internationally renowned tourist destination.

The city offers a unique combination of **history, culture, natural beauty and excellent hospitality.**

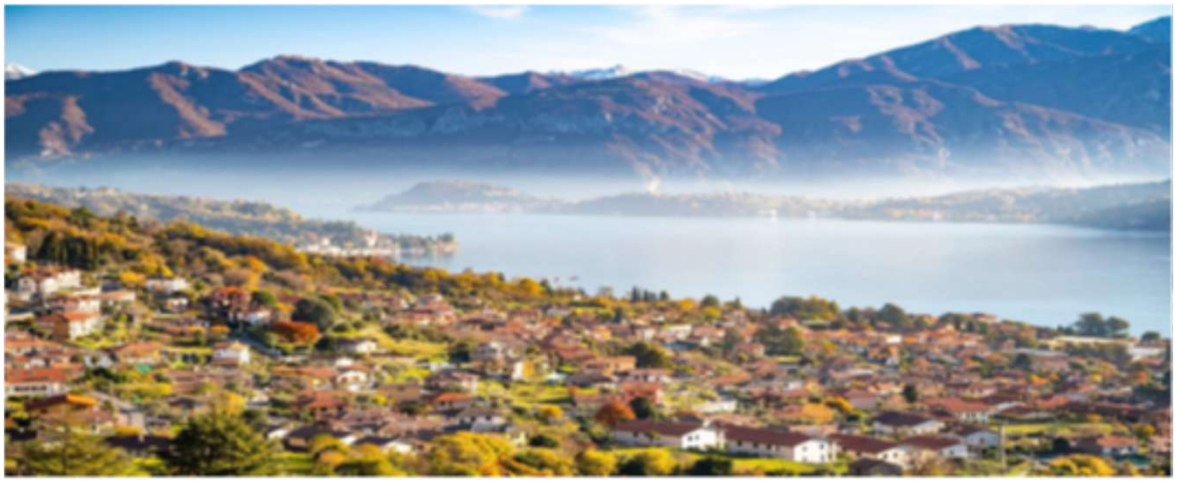

World-famous **Lake Como**, one of Europe's most iconic lakes.

Beautiful historic centre with **medieval streets, elegant squares and the Gothic Cathedral**.

Scenic waterfront and promenade.

The historic **Funicular Railway to Brunate**, offering breathtaking panoramic views over the lake and the Alps.

Excellent selection of hotels, restaurants and cafés within walking distance.
Safe, compact and pedestrian-friendly city centre.

Venue: how to reach

Visit of Volta's places at Pavia University

A visit of Volta's places at Pavia University including the **Museum of Electrical Technology** (MTE) where a replica of Volta IEEE Milestone is displayed, can be organized.
(https://alessandrovolta.it/en/place/university-of-pavia/)

Alessandro Volta's lectures at the University of Pavia were so popular that in 1785 Emperor Joseph II ordered the construction of a new physics lecture hall, now known as the Aula Volta. The project was entrusted to Leopoldo Pollack and completed in 1787.
